Financial Statement

Perutusan Pengerusi Chairman's Statement

Tahun 2011 merupakan tahun yang mencabar apabila pertumbuhan ekonomi global bergerak pada kadar perlahan dipengaruhi oleh beberapa faktor. Bencana alam di Jepun dan Thailand mengganggu rantaian bekalan manakala penurunan kadar kuasa kredit Amerika Syarikat menambahkan tekanan fiskal dan kewangan kepada negara maju. Di samping itu, perkembangan geopolitik di Timur Tengah dan rantau Afrika Utara juga mengekang momentum pertumbuhan.

Meskipun berdepan dengan persekitaran ekonomi antarabangsa yang mencabar, ekonomi Malaysia berkembang kukuh disokong oleh peningkatan aktiviti domestik dan permintaan serantau yang mampan. Pada tahun 2011, perdagangan Malaysia sekali lagi berjaya melepas paras trilion dengan pencapaian RM1.3 trilion, meningkat 8.7 peratus dari tahun sebelumnya.

Eksport berkembang 8.7 peratus kepada RM694.55 bilion manakala import meningkat 8.6 peratus kepada RM574.23 bilion, menghasilkan lebihan dagangan sebanyak RM120 bilion. Ini merupakan tahun ke-14 berturut-turut sejak tahun 1998, Malaysia mencatat lebihan dagangan.

Produk perkilangan bernilai RM470.30 bilion menyumbang 67.7 peratus daripada jumlah keseluruhan eksport Malaysia. Produk elektrik dan elektronik (E&E) adalah penyumbang terbesar dengan 34.1 peratus daripada jumlah keseluruhan eksport, diikuti oleh produk kimia dan bahan kimia yang mencatat 6.8 peratus, dan jentera, perkakasan dan peralatan, 3.4 peratus.

Negara sedang membangun di Asia secara keseluruhan menyumbang 71.3 peratus kepada pasaran eksport Malaysia pada tahun 2011. Republik Rakyat China (PRC) muncul sebagai destinasi eksport utama Malaysia dengan nilai eksport RM91.25 bilion. Singapura berada di tangga kedua dengan catatan 12.7 peratus dan diikuti oleh Jepun, Amerika Syarikat dan Thailand. Indonesia, Nigeria, Bangladesh, Arab Saudi, Belgium dan Jerman adalah pasaran di mana eksport berkembang lebih daripada RM1 bilion bagi setiap negara.

The world entered 2011 with challenging trends as the global economy slowed down due to several factors. Natural disasters in Japan and Thailand disrupted the supply chain while downgrading of the US sovereign credit rating intensified the fiscal and financial stress in advanced economies. In addition, the geopolitical developments in the Middle East and North Africa region also weighed down the growth momentum.

Despite the challenging international economic environment, Malaysia's economy grew steadily, underpinned by the expansion in domestic activity and firm regional demand. In 2011, Malaysia's trade breached the one trillion mark again, reaching RM1.3 trillion, an increase of 8.7 per cent from the previous year.

Exports expanded by 8.7 per cent to RM694.55 billion while imports grew by 8.6 per cent to RM574.23 billion, thus registering a trade surplus of RM120 billion. This was the 14th consecutive year of trade surplus for Malaysia since 1998.

Manufactured goods valued at RM470.30 billion constituted 67.7 per cent of Malaysia's total exports. Electrical and electronic products contributed the highest, with 34.1 per cent share of total exports followed by chemicals and chemical products, 6.8 per cent share and machinery, appliances and parts, 3.4 per cent.

Overall, the emerging economies in Asia accounted for 71.3 per cent of Malaysia's export markets in 2011. People's Republic of China (PRC) emerged as Malaysia's main export destination with exports totalling RM91.25 billion. Singapore came second accounting for 12.7 per cent, followed by Japan, USA and Thailand. Indonesia, Nigeria, Bangladesh, Saudi Arabia, Belgium and Germany were markets where exports expanded by more than RM1 billion for each country.

Kepelbagaiannya membantu Malaysia meningkatkan prestasi eksport walaupun berhadapan kelemahan permintaan dari pasaran tradisional. Permintaan berterusan dari RRC, India dan ASEAN serta aliran eksport berterusan ke Asia Barat menjadi faktor positif bagi Malaysia dalam menangani ketidaktentuan pasaran akibat pergolakan di rantau tersebut.

Dalam merangka strategi promosi eksport bagi tahun 2011, MATRADE telah mengambil kira pelbagai faktor termasuk trend makroekonomi domestik dan global serta memenuhi keperluan agenda ekonomi nasional. MATRADE turut mengadakan perbincangan dengan peneraju industri dalam merangka program selaras dengan keperluan industri dan permintaan pasaran khususnya dalam pemilihan pasaran yang perlu diterokai, sektor untuk dibangunkan dan kaedah promosi perdagangan yang berkesan.

Bagi merealisasikan strategi tersebut, MATRADE telah menyusun semula organisasinya supaya lebih berfokuskan industri serta lebih menumpukan perkhidmatan kepada kepuasan pelanggan. Untuk meningkatkan lagi kecekapan organisasi, lapan kelompok industri telah dikenalpasti sebagai teras utama struktur baru.

MATRADE telah mengendalikan 257 program promosi perdagangan dan pembangunan pengeksport pada tahun 2011. Lebih daripada 3,600 syarikat Malaysia mendapat manfaat daripada aktiviti promosi MATRADE yang berjaya menjana jualan melebihi RM21.84 bilion, manakala peserta dari 4,500 syarikat telah menyertai program pembangunan pengeksport MATRADE bagi meningkatkan kemahiran dan pengetahuan mereka di samping memanfaatkan perkhidmatan yang disediakan oleh MATRADE.

Sepanjang tahun 2011, MATRADE telah menyelaras penyertaan syarikat Malaysia dalam 52 pameran perdagangan antarabangsa, 21 Misi Pemasaran Khusus, 18 Misi Belian ke Malaysia dan tujuh Misi Perdagangan & Pelaburan. Di samping itu, pejabat perdagangan MATRADE di luar negara telah menyelia Kaunter Promosi MATRADE di 40 pameran antarabangsa.

Malaysia's diversified export markets helped to cushion the weaker external demand for its exports from the traditional markets. The sustained demand by PRC, India and ASEAN for Malaysia's exports as well as the uninterrupted flow of exports to West Asia despite the uncertainty caused by unrest in the region, were positive factors for Malaysia.

In formulating its export promotion strategy for 2011, MATRADE took into consideration various factors including the global and domestic macroeconomic trends, as well as meeting requirements of the national economic agenda. MATRADE also consulted industry players to create programmes that synergise with their strategies, in particular the selection of markets, sectors and trade promotion tools.

In efforts to realise this strategy, MATRADE restructured its organisation to be more industry focused and client centric. The new structure integrates products and services with markets for organisational efficiency. Eight industry clusters form the main thrust of the structure.

MATRADE undertook a total of 257 trade promotion and exporter development programmes. More than 3,600 Malaysian companies benefited from MATRADE's promotion activities which generated sales of RM21.84 billion while participants from over 4,500 companies joined MATRADE's exporters development programmes to enhance their skills and knowledge and to leverage on MATRADE's services.

Throughout 2011, MATRADE organised the participation of Malaysian companies in 52 international trade fairs, 21 Specialised Marketing Missions, 18 In-Coming Buying Missions and 7 Trade & Investment Missions. In addition, MATRADE's overseas trade offices participated in 40 international exhibitions through Promotion Booths.

Penganjuran INTRADE 2011 dan MIHAS kali ke-8 di Kuala Lumpur merupakan dua aktiviti promosi MATRADE yang paling mendapat sambutan pada tahun 2011 dimana 1,154 syarikat Malaysia, kebanyakannya Enterpris Kecil dan Sederhana (EKS), mendapat manfaat daripada pertemuan perniagaan yang diatur dengan lebih 800 pembeli luar negara melalui program Misi Belian ke Malaysia. Aktiviti promosi lain yang berjaya menjana jualan yang tinggi serta projek mega untuk syarikat Malaysia adalah Malaysia Services Exhibition (MSE) di Abu Dhabi, Projek Qatar di Doha dan penyertaan Malaysia di CAEXPO di Nanning.

Semasa lawatan rasmi oleh YAB Perdana Menteri dan YAB Timbalan Perdana Menteri ke Korea Selatan dan United Kingdom, MATRADE telah mengatur pertemuan perniagaan antara delegasi perniagaan Malaysia dan rakan sejawat di negara tersebut yang menghasilkan jualan dan projek. Misi Perdagangan dan Pelaburan anjuran bersama MIDA yang diketuai oleh YB Menteri MITI juga telah membawa hasil positif.

Inisiatif promosi eksport MATRADE juga mengambil kira sub-sektor yang disasarkan di bawah Bidang Ekonomi Utama Negara (NKEA). Ini termasuk promosi perkhidmatan penyelenggaraan dan baik pulih kapal terbang, teknologi hijau serta perkhidmatan minyak dan gas.

Dalam usaha meningkatkan pengetahuan dan keupayaan pengeksport, MATRADE turut menganjurkan 37 program latihan eksport yang disertai oleh peserta dari 2,681 syarikat. MATRADE juga memperkenalkan MATRADE FTA Focal Point bagi meningkatkan kesedaran tentang faedah penggunaan Perjanjian Perdagangan Bebas (FTA) dalam urusniaga eksport.

MATRADE dengan kerjasama MITI, kerajaan negeri, persatuan perdagangan dan dewan perniagaan, turut menganjurkan Outreach Programme dan Trade Clinic di seluruh negara untuk dimanfaatkan oleh usahawan tempatan.

The highlights of MATRADE's promotion activities in 2011 were the organisation of INTRADE 2011 and the 8th MIHAS in Kuala Lumpur where a total of 1,154 Malaysian companies, mostly Small and Medium Enterprise (SMEs) benefitted from the arranged business meetings with over 800 foreign buyers under the In-Coming Buying Mission programmes. Other highlights which generated substantial sales and projects for Malaysian companies were the Malaysia Services Exhibition (MSE) in Abu Dhabi, Project Qatar in Doha and Malaysia's participation at CAEXPO in Nanning.

Optimising on the official visits by YAB Prime Minister and YAB Deputy Prime Minister to South Korea and United Kingdom, MATRADE organised business meetings between Malaysian businessmen and their foreign counterparts which led to potential sales and projects. Trade and Investment Missions organised jointly with MIDA and headed by YB Minister MITI also saw positive outcome.

MATRADE's export promotion initiatives also took into account the targeted sub-sectors being promoted under the National Key Economic Areas (NKEA). These included promotion of aviation maintenance repair and overhaul services, green technology and oil and gas services.

In 2011, participants from 2,681 companies participated in the 37 export training programmes organised by MATRADE, aimed at enhancing the knowledge and capabilities of exporters. To further increase the awareness level of the business community on benefits of Free Trade Agreements (FTA), MATRADE FTA Focal Point was introduced.

In collaboration with MITI, local state governments, trade associations and chambers of commerce, MATRADE also conducted Outreach Programmes throughout the country and engaged in trade clinics for the benefit of aspiring local entrepreneurs.

Portal MATRADE terus menerima peningkatan pengunjung dan e-Direktori Malaysia telah menjadi rujukan popular di kalangan ahli perniagaan dan usahawan tempatan dan luar negara. Kepelbagaian maklumat berkaitan eksport juga telah disebarluaskan melalui Pusat Informasi Perniagaan (BIC) dan penerbitan MATRADE.

Pusat Pameran Eksport Malaysia (MEEC), sebuah pusat pameran tetap di Menara MATRADE, kini telah diubahsuai untuk mempamer produk dan perkhidmatan dari lebih 500 syarikat Malaysia. Selain daripada mendapat maklumat mengenai syarikat pempamer, MEEC juga membantu pengunjung mengatur pertemuan perniagaan dengan pengekspor Malaysia.

Pada tahun yang sama, MATRADE telah membuka rangkaian globalnya yang terbaru di Istanbul. Lokasi Turki yang strategik serta akses hubungannya dengan Eropah Tengah dan Timur serta Mediterranean dapat membantu meningkatkan eksport Malaysia ke rantau Eropah. Oleh itu pengekspor Malaysia digalakkan untuk menggunakan perkhidmatan pejabat ini bagi meluaskan pasaran perniagaan mereka.

MATRADE sentiasa berusaha meningkatkan pengetahuan dan kemahiran warga kerjanya dalam memastikan perkhidmatan yang berkualiti dan profesional diberikan kepada pihak yang berkepentingan. Pada tahun 2011, 34 latihan dan program pembangunan sumber manusia telah dijalankan dalam bidang kepimpinan, kejurulatihan, pengurusan, ICT dan kerja khusus seperti amalan perdagangan antarabangsa.

MATRADE Portal continued to receive visitors and Malaysia e-Directory was a popular reference amongst Malaysian business community and foreign businessmen. Information on Malaysia's exports was also disseminated through MATRADE's publications and the Business Information Centre (BIC).

The Malaysia Export Exhibition Centre (MEEC), a permanent exhibition centre located at Menara MATRADE, designed to display products and services of Malaysian companies, was refurbished to now accommodate exhibits from over 500 companies. Apart from availing themselves to information on exhibiting companies, visitors are facilitated with business meetings.

In 2011, MATRADE opened its latest global network in Istanbul. Turkey's strategic location as the gateway to Europe as well as its linkages with Central and Eastern Europe and the Mediterranean can assist to increase Malaysia's exports to the region. Malaysian exporters are encouraged to utilise services of the office to expand their business.

In enhancing MATRADE's work force quality and professional service to its stakeholders, the agency continued to enhance the knowledge and skills of its human resource. In 2011, 34 training and human resource development programmes were conducted in areas of leadership, coaching, management, ICT, and job specifics such as international trade practices.

Hala Tuju 2012

Laporan Prospek Ekonomi Global yang diterbitkan oleh Bank Dunia pada awal tahun 2012 meramalkan ketidaktentuan dan kemerosotan kebanyakan ekonomi pada tahun 2012. Ekonomi global dijangka berkembang 2.5 peratus pada tahun 2012 dan 3.1 peratus pada tahun 2013, berbanding unjuran asal 3.6 peratus untuk kedua-dua tahun tersebut. Dibayangi pertumbuhan yang perlahan, perdagangan dunia yang berkembang dengan anggaran 6.6 peratus pada tahun 2011 akan berkembang 4.7 peratus pada tahun 2012 sebelum mengukuh kepada 6.8 peratus pada tahun 2013. RRC, yang kini merupakan destinasi eksport terbesar Malaysia juga dijangka mengalami pertumbuhan ekonomi yang perlahan.

Walaupun senario eksport Malaysia yang memberangsangkan pada tahun 2011, komuniti pengekspor Malaysia disarankan agar lebih berinovasi, produktif, efisyen serta berdaya saing untuk menghadapi persaingan hebat di pasaran global.

Bagi tahun 2012, MATRADE akan terus memacu eksport produk dan perkhidmatan Malaysia melalui penyelaras strategi promosi perdagangan, program serta aktiviti di samping menjalin kerjasama yang kukuh dengan sektor swasta dan persatuan perdagangan dan industri.

Di sini, saya ingin merakamkan ucapan penghargaan kepada Lembaga Pengarah MATRADE, Dato' Noharuddin Nordin yang telah meneraju MATRADE sehingga Ogos 2011 serta semua warga kerja MATRADE di atas sumbangan yang tidak ternilai dalam menerajui eksport negara di persada dunia. Saya yakin komitmen yang tinggi dan berterusan ini akan membantu merealisasikan sasaran meningkatkan eksport negara selaras dengan dasar dan inisiatif kerajaan.

Outlook for 2012

The World Bank in its Global Economic Prospects Report published in early 2012 predicted uncertainties and vulnerabilities for most of the economies in 2012. Global economy is expected to expand 2.5 per cent and 3.1 per cent in 2012 and 2013 respectively, against the 3.6 per cent projected in both years. Reflecting the growth slowdown, world trade which expanded by an estimated 6.6 per cent in 2011 will grow 4.7 per cent in 2012 before strengthening to 6.8 per cent in 2013. PRC, currently Malaysia's largest export destination is also expected to have a slower economic growth.

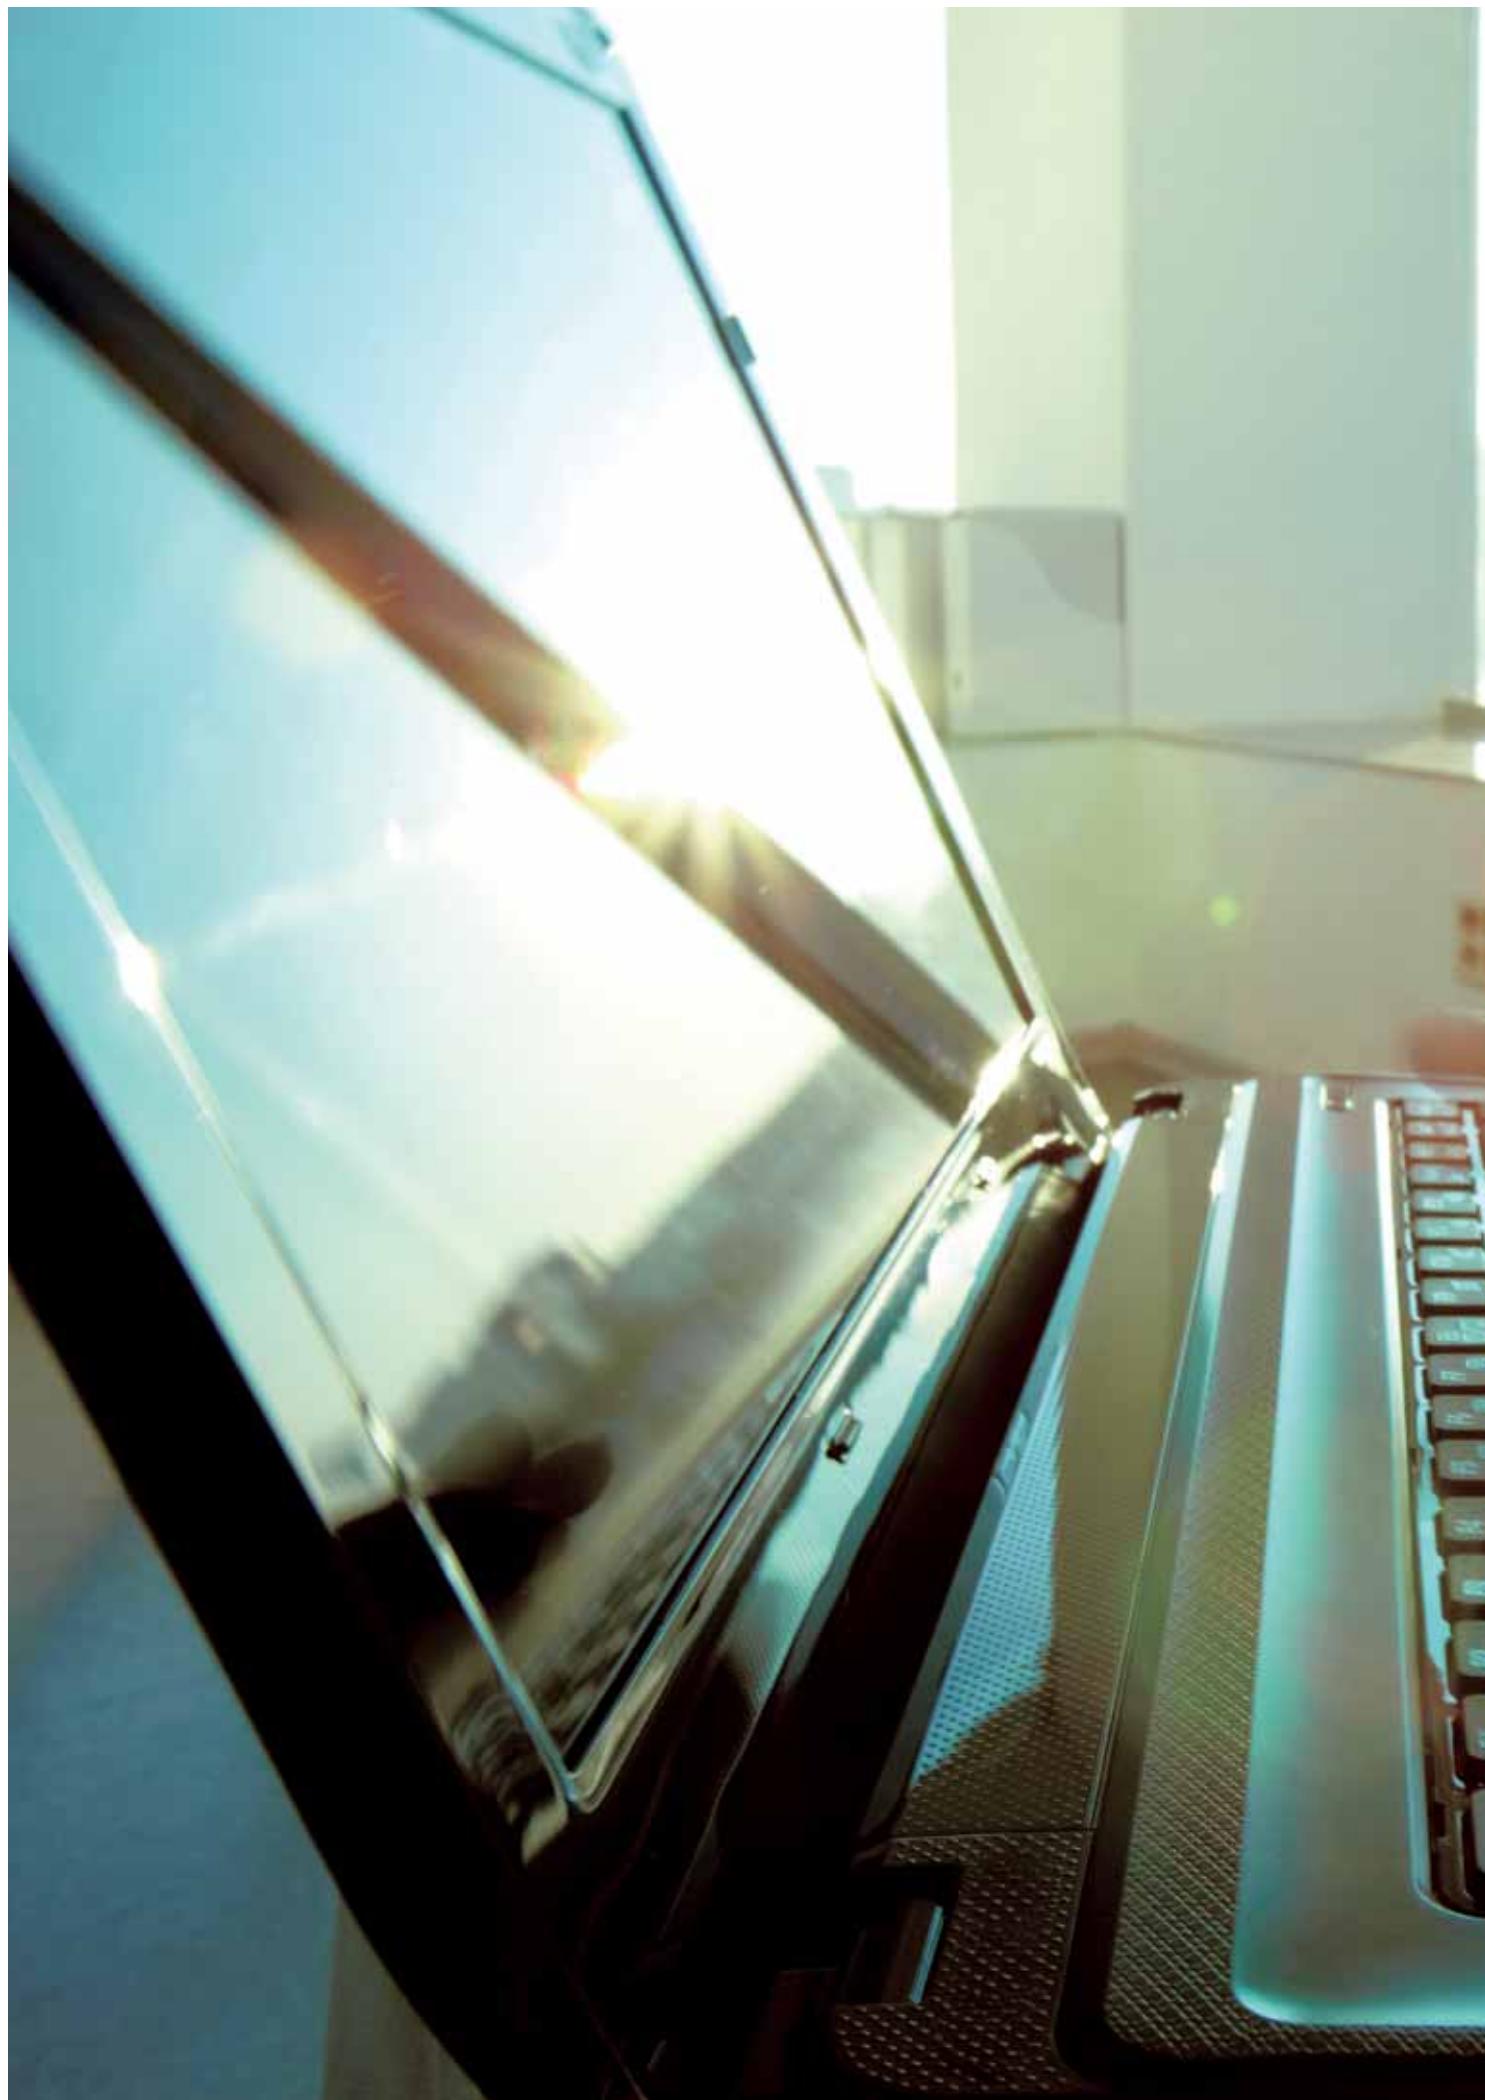

Though Malaysia's export scenario had been optimistic in 2011, it is practical and pertinent that Malaysian export community do not rest on their laurels but to prepare themselves for the competition ahead.

For 2012, MATRADE will continue to propel Malaysia's exports of products and services through a well-coordinated trade promotion strategy, programmes and activities as well as strong collaborations with the private sector and trade and industry associations.

I would like to record my appreciation to MATRADE's Board of Directors, Dato' Noharuddin Nordin who led MATRADE till August 2011 and MATRADE management and staff for their invaluable contributions in championing the nation's exports internationally. I am confident that their strong and continuous commitment will assist in realising targets to increase the nation's exports in line with government's policies and initiatives.

Tumpuan Promosi Eksport Highlights of Export Promotion

Menjana Pertumbuhan Melalui Penjenamaan

Dalam usaha MATRADE untuk menjana pertumbuhan eksport, program promosi eksport baharu telah diperkenalkan, termasuk penjenamaan produk dan kepakaran dalam industri perkhidmatan Malaysia. Beberapa acara berskala besar telah dianjurkan secara tahunan bagi mempromosi produk dan perkhidmatan Malaysia ke pasaran global. Acara tersebut adalah *International Trade Malaysia (INTRADE)*, *Malaysia International Halal Showcase (MIHAS)* dan *Malaysia Services Exhibition (MSE)*.

MATRADE turut menyertai acara terkenal di peringkat antarabangsa bagi memperolehi pengiktirafan dunia terhadap keupayaan Malaysia. Antaranya adalah *I Saloni Milan* untuk rekabentuk perabot serta menggunakan acara mega antarabangsa yang terkenal sebagai landasan untuk mempromosikan industri kreatif seperti *Re/Mixed: The Horizon of Sustainable Architecture* di Jepun. *Malaysia Kitchen Programme* yang diadakan di pasaran terpilih di Eropah, Amerika Syarikat, Australia dan New Zealand merupakan usaha penjenamaan negara melalui promosi restoran yang menyajikan masakan Malaysia.

Generating Growth Through Branding

In MATRADE's efforts to generate export growth, new export promotion programmes were introduced, including to brand Malaysian products as well as expertise in the services industry. Several large scale annual events were organised to promote Malaysian products and services to the global market. These events are International Trade Malaysia (INTRADE), Malaysia International Halal Showcase (MIHAS) and Malaysia Services Exhibition (MSE).

MATRADE also participated in renowned international events for selected sectors such as I Saloni Milan for furniture design and leveraged on mega event to promote its creative industry such as Re/Mixed: The Horizon of Sustainable Architecture in Japan. The Malaysia Kitchen Programme in selected markets in Europe, USA, Australia and New Zealand is a part of country branding through the promotion of restaurants serving Malaysian cuisines.

MIHAS Sumber Global bagi Produk & Perkhidmatan Halal

MIHAS the Global Source for Halal Products & Services

Misi Belian / In-Coming Buying Mission

MIHAS atau Pameran Halal Antarabangsa Malaysia telah berkembang dengan jayanya sejak beberapa tahun lalu sebagai jenama kepada promosi produk dan perkhidmatan halal Malaysia ke pasaran global.

Seramai 385 pempamer dari 32 negara menyertai MIHAS 2011 pada 6-9 April. Pameran ini dikunjungi lebih 16,000 pelawat.

Komponen utama kejayaan MIHAS setiap tahun adalah Program Misi Belian (IBM) yang merupakan platform yang berkesan khususnya bagi Entrepris Kecil dan Sederhana (EKS) Malaysia bertemu dengan pembeli antarabangsa.

MIHAS or Malaysia International Halal Showcase has grown over the years to become a successful branding exercise for Malaysian halal products and services to the global market.

A total of 385 exhibitors from 32 countries participated in MIHAS 2011 from April 6-9. The exhibition received over 16,000 visitors.

The key business component in MIHAS annually is the In-Coming Buying Mission (IBM) which acted as a cost effective platform in particular for Malaysian Small & Medium Enterprise (SME) to meet foreign buyers.

Mempelbagaikan Pertumbuhan Melalui Sektor Baru

Diversifying Growth Through New Sectors

Menerusi Program Transformasi Ekonomi (ETP), 12 Bidang Ekonomi Utama Negara (NKEA) telah dikenalpasti sebagai pemacu pertumbuhan masa depan negara. Sejajar dengan agenda ekonomi negara, MATRADE telah memperkenalkan program promosi eksport untuk tiga sektor yang dikenalpasti iaitu Perkhidmatan Penyelenggaraan, Pembaikan dan Baik Pulih (MRO), Teknologi Hijau, dan Perkhidmatan Minyak dan Gas pada tahun 2011. Memandangkan terdapat potensi eksport yang besar bagi bidang pembinaan dan teknologi komunikasi dan maklumat, aktiviti promosi untuk sektor ini terus dipergiatkan.

The government's Economic Transformation Programme (ETP) had identified 12 NKEAs that are significant engines of future growth. In 2011, in aligning itself to the government's economic agenda, MATRADE initiated export programmes for three of the identified sectors, Maintenance, Repair and Overhaul (MRO), Green Technology, as well as Oil and Gas services. Given the great export potential for construction and ICT, MATRADE continued to intensify its promotional activities for these sectors.

Merintis Eksport Perkhidmatan MRO Pioneering Export of MRO Services

Perkhidmatan Penyelenggaraan, Pembaikan dan Baik Pulih (MRO) adalah salah satu projek permulaan yang dikenalpasti bagi Sektor Perkhidmatan Perniagaan di bawah ETP. Sumbangan MATRADE dalam agenda ini adalah dengan memperkenalkan keupayaan MRO Malaysia ke pasaran global. MATRADE menganjurkan Misi Pemasaran Khusus ke Hamburg dan Shanghai serta mengatur pertemuan perniagaan di antara syarikat Malaysia dalam bidang aeroangkasa dan maritim dengan syarikat antarabangsa sempena Langkawi International Maritime and Aerospace Exhibition (LIMA) 2011.

Maintenance, Repair and Overhaul (MRO) is one of the entry point projects identified under Business Services of the ETP. MATRADE's contribution towards this agenda is through more focused business to business activities in introducing Malaysia's capabilities in MRO to global markets. MATRADE initiated Specialised Marketing Missions to Hamburg and Shanghai and organised individual business meetings between Malaysian aerospace and maritime companies with global players of this industry in conjunction with LIMA 2011.

Menjana Gelombang Teknologi Hijau

Green Technology Making Waves

Eksport produk dan perkhidmatan berdasarkan teknologi hijau negara semakin meningkat selaras dengan usaha sejagat untuk menghijaukan bumi. Malaysia merupakan antara pengeksport utama peranti semikonduktor fotosensitif, sel-sel photovoltaic (PV) dan diod pemancar cahaya (LED). Malaysia juga mengeksport bahan binaan biokomposit seperti Medium Density Fibreboard (MDF), papan lapis dan panel dalam jumlah yang besar. MATRADE telah menjalankan beberapa aktiviti promosi eksport untuk meningkatkan eksport produk dan perkhidmatan berdasarkan teknologi hijau.

Global efforts to green the earth saw the country's exports of green technology products and services on the rise. Malaysia was among the leading exporters of photosensitive semiconductor device, photovoltaic (PV) cells and light emitting diodes (LED). Malaysia also exported fairly substantial amount of biocomposite building materials such as Medium Density Fibreboard (MDF), plywood and panels. To enhance exports of green technology products and services, MATRADE undertook several promotions directly related to the green industry.

Dalam usaha MATRADE untuk meningkatkan eksport produk dan perkhidmatan teknologi hijau negara, beberapa program promosi khas untuk sektor ini telah dijalankan. Penyertaan MATRADE buat kali pertamanya di Ecobuild, London telah berjaya menjana jualan RM24.43 juta bagi pempamer Malaysia sementara pertemuan perniagaan yang diaturkan semasa Misi Pemasaran Khusus ke Milan dan London menjana jualan sebanyak RM15 juta. Sempena International Greentech & Eco Products Exhibition & Conference Malaysia (IGEM) di Kuala Lumpur, MATRADE menganjurkan program misi belian di mana pertemuan perniagaan di antara pembeli asing dengan pembekal produk dan perkhidmatan teknologi hijau Malaysia menjana jualan dan projek bernilai RM175 juta.

In efforts to increase Malaysia's exports of green technology product and services, MATRADE conducted several programmes to promote this sector. MATRADE's participation for the first time at Ecobuild, London, saw Malaysian exhibitors generating sales and projects worth RM24.43 million while the Specialised Marketing Mission to Milan and London generated sales valued at RM15 million. Inconjunction with the International Greentech & Eco Products Exhibition & Conference Malaysia (IGEM) in Kuala Lumpur, MATRADE organised an In-Coming Buying Mission where business meetings arranged between foreign buyers and Malaysian manufacturers of green technology products and services providers resulted in sales and projects worth RM175 million.

Eksport Sektor Perkhidmatan Meningkat

Services Exports on The Rise

Antara sektor perkhidmatan yang telah mendapat projek-projek penting di luar negara dalam tempoh lima tahun yang lalu adalah perkhidmatan pembinaan, minyak & gas dan ICT. Sebagai sebahagian daripada usaha untuk meningkatkan eksport perkhidmatan, pada tahun 2011 MATRADE terus bekerjasama dengan agensi dan organisasi industri berkaitan untuk mempromosikan sektor ini.

Among the services sectors that have secured significant projects overseas over the past five years were the construction, oil & gas services and ICT. As part of efforts to generate further exports of these services, in 2011 MATRADE continued to collaborate with related agencies and industry organisations to promote these sectors.

Lebih RM3 bilion Projek Pembinaan Diperolehi

Over RM3 billion Construction Projects Secured

Banyak syarikat Malaysia telah meneroka pasaran antarabangsa dalam melaksanakan projek pembinaan dan berjaya menyiapkan projek-projek besar. Dalam tahun 2011 sahaja, syarikat Malaysia telah dianugerahkan lapan projek bernilai lebih RM3 bilion di tujuh negara.

Antara program yang dianjurkan oleh MATRADE untuk mempromosi perkhidmatan pembinaan dan bahan binaan termasuk Misi Pemasaran Khusus ke Sri Lanka, Indonesia dan Iraq serta Projek Qatar yang dirancang khas untuk merebut peluang projek pembinaan sempena persiapan Doha sebagai tuan rumah Piala Dunia 2022.

Eksport perkhidmatan pembinaan Malaysia telah turut menggalakkan permintaan untuk bahan-bahan binaan buatan Malaysia.

Many Malaysian companies have ventured abroad to undertake construction projects and successfully completed major projects. In 2011 alone, Malaysian companies were awarded eight projects in seven countries worth over RM3 billion.

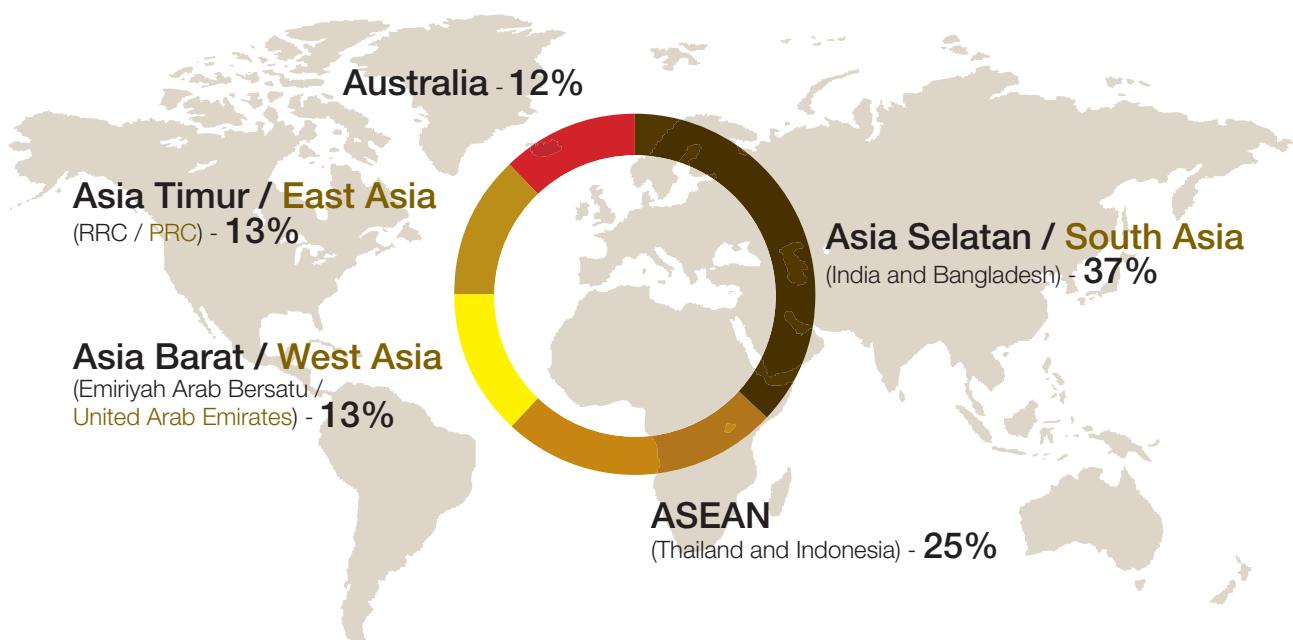

Among MATRADE initiated programmes to promote construction services and building materials were Specialised Marketing Missions to Sri Lanka, Indonesia and Iraq as well as Project Qatar which was organised to capitalise on Doha's preparations being the host to World Cup 2022.

Malaysia's exports of construction services have also fueled the demand for building materials.

Mewujudkan Peluang Perniagaan Melalui Pengembangan Pasaran

Creating Opportunities Through Market Expansion

MATRADE menggandakan usaha membuka peluang perniagaan kepada pengeksport Malaysia di pasaran yang berkembang pesat dan membangun. MATRADE turut memanfaatkan peluang eksport di pasaran di mana Malaysia menandatangani Perjanjian Perdagangan Bebas (FTA). Di pasaran tradisional, MATRADE terus memperkuuhkan eksport produk keluaran Malaysia dengan mempergiat program promosi di Republik Rakyat China, ASEAN, Asia Barat, Asia Selatan, Afrika, Kesatuan Eropah, Amerika Syarikat dan Amerika Latin.

MATRADE intensified its efforts in opening up doors for Malaysian exporters to engage in businesses in fast growing and emerging markets. MATRADE also continued to leverage on opportunities in markets where Malaysia signed Free Trade Agreements (FTA) and for the traditional markets, MATRADE organised programmes to deepen its promotion of industry products where Malaysia's strength are profound. These promotions include those held in the People's Republic of China, ASEAN, West Asia, South Asia, Africa, European Union, USA and Latin America.

Pendekatan Baru Meningkatkan Eksport Melalui *World of Private Labels* Embarking New Export Approach Through World of Private Labels

Pengilangan untuk label persendirian syarikat dari luar negara merupakan pertumbuhan baharu bagi eksport Malaysia. *World of Private Labels* yang dianjurkan setiap tahun oleh Persatuan Pengilang Label Persendirian di Amsterdam, adalah satu saluran kepada pengekspor Malaysia untuk mewujudkan hubungan dengan peruncit, pasaraya, pasaraya besar, kedai serbaneka, farmasi, pemborong dan pengimport antarabangsa dari seluruh dunia.

MATRADE menganjurkan penyertaan syarikat Malaysia dari sektor makanan dan bukan makanan termasuk sabun susu kambing, minuman segera, kosmetik berasaskan sumber semulajadi, produk kelengkapan rumah berasaskan plastik dan makanan mudah sedia, di pameran ini. Pempamer Malaysia menjana jualan sebanyak RM47.2 juta.

Producing for foreign private labels is a new growth sector for Malaysia's exports. The 'World of Private Label' organised annually by the Private Label Manufacturers' Association (PLMA) in Amsterdam, is one of the avenues for Malaysian exporters to establish contacts with international retailers, supermarkets, hypermarkets, chain stores, department stores, pharmacies, wholesalers, and importers worldwide for this purpose.

MATRADE organised the participation of companies at the exhibition in the food and non-food sectors which included goatmilk soap, instant beverages, natural cosmetics, household plastic products and prepared and ready meals. Malaysian exhibitors generated RM47.2 million sales.

RM22.1 million Generated at Semicon West 2011, USA

Dalam usaha menggalak dan meneroka lebih banyak peluang perniagaan bagi produk dan perkhidmatan semikonduktor Malaysia di pasaran Amerika Syarikat, MATRADE menyelaras penyertaan syarikat Malaysia dalam Semicon West 2011. Pelbagai teknologi pembuatan semikonduktor dipamerkan dalam pameran ini.

Produk utama yang dipamerkan oleh syarikat Malaysia termasuk mesin ujian dan automasi reka bentuk pemasangan, perkhidmatan pengilangan OEM secara kontrak, perkakasan persis dan fabrikasi alat ganti dan komponen. Penyertaan Malaysia menjana jualan sebanyak RM22.1 juta.

In an effort to further promote and explore more business opportunities for Malaysia's semiconductor products and services in the US market, MATRADE coordinated the participation of Malaysian companies in Semicon West 2011. The event showcased various technologies for semiconductor manufacturing.

The products and services exhibited by Malaysian companies included testing and automation machines, design and assembly, OEM contract manufacturing services, precision tooling and fabrication of parts and components. The Malaysian participation generated sales of RM22.1 million.

Menawan Pasaran Penjagaan Kesihatan Brazil

Capturing Brazil's Healthcare Market

Brazil merupakan pasaran terbesar di Amerika Latin dan ekonomi kesembilan terbesar di dunia. Dengan jumlah penduduk kira-kira 190.2 juta, Brazil menduduki tempat kelima negara yang mempunyai penduduk paling ramai di dunia. Di samping itu, saiz pasaran penjagaan kesihatan dianggarkan mencecah USD193.31 juta pada tahun 2011 atau 9.6 peratus daripada KDNK Brazil. Berdasarkan faktor ini, MATRADE telah mengambil bahagian dalam Hospitalar 2011 untuk mempromosi produk perubatan pakai buang dan perabot hospital.

Brazil is Latin America's largest market and the world's ninth largest economy. With a population of approximately 190.2 million, Brazil is ranked fifth most populated country in the world. MATRADE participated in the Hospitalar 2011 to promote medical disposables and hospital furniture to take advantage of the size of the healthcare market in the country which was estimated at USD193.31 billion in 2011 or 9.6 per cent of Brazil's GDP.

Highlights Of Exporters Development

Membimbing EKS ke Arena Global

Nurturing SMEs for Global Markets

Antara aktiviti utama MATRADE adalah untuk memastikan pengeksport sentiasa dikemaskinikan dengan maklumat penting yang boleh membantu pengembangan perniagaan di luar negara serta membimbing EKS mencebur pasaran antarabangsa.

Selain daripada berhubung dengan komuniti perniagaan melalui perkhidmatan dalam talian, kemudahan yang ditawarkan serta program yang dijalankan di ibu pejabat, MATRADE turut mendekati komuniti perniagaan melalui lima pejabatnya di Pulau Pinang, Johor Bahru, Kuala Terengganu, Kota Kinabalu dan Kuching.

MATRADE turut menganjur seminar, bengkel dan lawatan industri di seluruh negara bagi mewujudkan kesedaran di kalangan komuniti perniagaan mengenai perkhidmatan dan kemudahan serta insentif kerajaan untuk membantu EKS di bidang eksport.

Among MATRADE's core activities are to keep existing exporters abreast with valuable information that can assist them in their business expansion abroad and to nurture SMEs who are export ready to start their ventures in the international market.

Apart from reaching out to the business community through its online services, facilities offered and programmes conducted at its head office, MATRADE's presence was also felt by the business community at large through its five regional offices located in Penang, Johor Bahru, Kuala Terengganu, Kota Kinabalu and Kuching.

MATRADE regularly conducts programmes and clinics throughout the country to create awareness among the business community on its services and facilities as well as the government's incentives to assist SMEs in their export business. In addition, MATRADE officers also undertake industry visits to companies.

Publicising and disseminating information on Malaysia's varied export products and services to the global business community is another principal service by MATRADE.

Program Outreach MATRADE

MATRADE dengan kerjasama MITI, kerajaan negeri, persatuan perdagangan dan dewan perniagaan telah berjaya menganjurkan tujuh Program MATRADE Bersama Usahawan & Pengekspor di Kuala Lumpur, Ipoh, Pulau Pinang, Tawau, Kuala Terengganu, Johor Bharu dan Kuching yang disertai 1,684 peserta.

Program ini bertujuan untuk memaklumkan komuniti perniagaan Malaysia tentang inisiatif baharu, kemudahan, garis panduan dan aktiviti promosi yang dirancang. Program ini juga bertindak sebagai saluran kepada komuniti perniagaan untuk memberi maklum balas dan input kepada MITI dan MATRADE mengenai isu berkaitan eksport dan langkah-langkah menjadikan Malaysia sebagai pengekspor terkemuka di dunia.

Di samping itu MATRADE turut menyediakan kaunter penerangan sempena 32 pameran perdagangan dalam negeri dan sebanyak 5,854 pertanyaan perdagangan telah diterima semasa program berlangsung. MATRADE juga turut menganjurkan "Program Kenali MATRADE" di Seremban, Shah Alam, Ayer Keroh, Kuantan dan Kota Bharu.

MATRADE Outreach Programme

In 2011, MATRADE in collaboration with Ministry of International Trade and Industry, local state governments, trade associations and chambers of commerce successfully organised seven events entitled MATRADE's Programme with Entrepreneurs & Exporters. The cities covered included Kuala Lumpur, Ipoh, Penang, Tawau, Kuala Terengganu, Johor Bharu and Kuching which saw a total of 1,684 participants.

The programme serves to inform the Malaysian business community on new initiatives, facilities, guidelines and promotion activities planned for the year. This activity also acted as a channel for the business community and industry players to provide feedback and inputs to the Ministry and MATRADE on export related issues and discussed ways on how to enhance exporting community.

In addition, MATRADE also set up information booths at 32 domestic exhibitions and a total of 5,854 inquiries were received during these programmes. MATRADE also organised "Program Kenali MATRADE" in Seremban, Shah Alam, Ayer Keroh, Kuantan and Kota Bharu.

Tumpuan Rujukan Perjanjian Perdagangan Bebas (FTA) MATRADE

Menyedari kepentingan Perjanjian Perdagangan Bebas (FTA) sebagai satu kaedah untuk mengukuhkan kedudukan pasaran Malaysia di luar negara, MATRADE meneruskan usaha untuk meningkatkan tahap kesedaran komuniti perniagaan Malaysia, terutamanya EKS, tentang faedah FTA.

Tumpuan Rujukan FTA yang diuruskan oleh Unit Pengurusan Perhubungan Pelanggan telah menganjurkan beberapa program untuk mempromosi dan menyebarkan maklumat mengenai FTA. Ini termasuk penyebaran maklumat mengenai produk yang berkelayakan, keutamaan kadar tarif dan prosedur untuk memohon Sijil Asal. MATRADE juga mengumpulkan maklum balas daripada komuniti perniagaan mengenai pelaksanaan FTA oleh Malaysia dan menyalurkan maklumat ini kepada Kementerian Perdagangan Antarabangsa dan Industri untuk penilaian.

Kaunter bantuan khas juga telah ditubuhkan bagi menyediakan khidmat nasihat kepada komuniti perniagaan tempatan dan asing mengenai Perjanjian Perdagangan Bebas. Di samping itu, Portal MATRADE, www.matrade.gov.my turut memaparkan maklumat mengenai FTA.

MATRADE FTA Focal Point

Recognising the importance of Free Trade Agreements (FTA) as a tool for increasing Malaysia's market presence overseas, MATRADE continued its effort to increase the awareness of the Malaysian business community, in particular the SMEs, on the benefits of FTAs.

In 2011, the FTA Focal Point incorporated several programmes to promote and disseminate information on FTAs. These included the dissemination of information on eligible products, preferential tariff rates and the procedure for applying for the Certificate of Origin. MATRADE also gathered feedback from the business community on the FTAs and channelled them back to the Ministry of International Trade and Industry for assessment.

A special helpdesk was also set-up at MATRADE to provide advisory services to both local and foreign business communities on Free Trade Agreements. In addition, MATRADE's Portal, www.matrade.gov.my maintains a section on FTA.

Enhancing Services Delivery

Mengukuh Penyampaian Perkhidmatan **Enhancing Services Delivery**

Persekitaran perniagaan semasa dalam ekonomi yang sentiasa berubah memerlukan komuniti perniagaan Malaysia, serta pegawai MATRADE untuk sentiasa mengikuti perkembangan teknologi terkini, trend dan keperluan semasa. Bagi memenuhi keperluan ini, MATRADE telah melaksanakan penstrukturkan semula organisasi serta mempelbagaikan program dan inisiatif.

The current business environment in an economy of continuous change requires the Malaysian business community as well as MATRADE's staff to constantly update themselves on the latest technologies, trends and requirements. MATRADE's initiatives included a restructuring exercise and introducing various programmes and initiatives.

Pengstruktur Semula Untuk Perkhidmatan Lebih Baik

Restructuring to Serve Better

Pada tahun 2011, MATRADE menstruktur semula organisasinya dengan mengintegrasikan bahagian produk dan pasaran bagi memenuhi keperluan pengekspor Malaysia secara lebih holistik. Penstruktur semula ini mengambil kira perkembangan semasa perdagangan global dan teras strategik yang digariskan dalam Pelan Induk Perindustrian, Model Ekonomi Baru dan Rancangan Malaysia Ke-10.

Struktur baharu ini membolehkan MATRADE menjadi lebih fokus kepada keperluan pengekspor dalam menghadapi persaingan sengit pasaran dan menyediakan bantuan mengikut keperluan. Ia turut mempertingkatkan pengetahuan pegawai MATRADE tentang industri dan pasaran untuk menyediakan maklumat yang berkualiti kepada pengekspor.

In 2011, MATRADE restructured its organisation, integrating product and market to address the needs of Malaysian exporters in a more holistic manner. The restructuring took into account current developments in global trade and the strategic thrust outlined in the government's New Economic Model and the 10th Malaysia Plan.

The new structure allows MATRADE to be more focused on the needs of the exporters in coping with keen competition in the market place and to assist them by providing customised assistance. It also enhanced the knowledge of MATRADE's officers on the industries and markets to enable them to provide quality information to exporters.

Memperluaskan Rangkaian Global

Widening the Global Network

MATRADE menambah rangkaian globalnya di Istanbul, Turki pada tahun 2011. Turki, yang mempunyai penduduk melebihi 70 juta dengan lokasi yang strategik di antara Eropah Tengah dan Barat dan mempunyai akses ke negara Mediterranean, telah dipilih sebagai batu loncatan kepada produk dan perkhidmatan Malaysia bagi menembusi pasaran rantau ini.

Sebagai anggota Kesatuan Eropah (EU), Turki menggunakan sistem kod kastam yang sama seperti EU dan ini membantu memudahkan kemasukan produk Malaysia ke EU. Hubungan rapatnya dengan Eropah Tengah, Balkan dan Mediterranean memberi peluang kepada pengeksport Malaysia untuk mengembangkan perniagaan mereka ke rantau ini melalui kerjasama dengan komuniti perniagaan Turki.

MATRADE added its latest global network of offices, Istanbul, Turkey, in 2011. Turkey with a population of over 70 million and a strategic geographical location being the crossroads between Western and Central Europe as well as linkage to the Mediterranean, was chosen to be the springboard for Malaysian products and services to access the region.

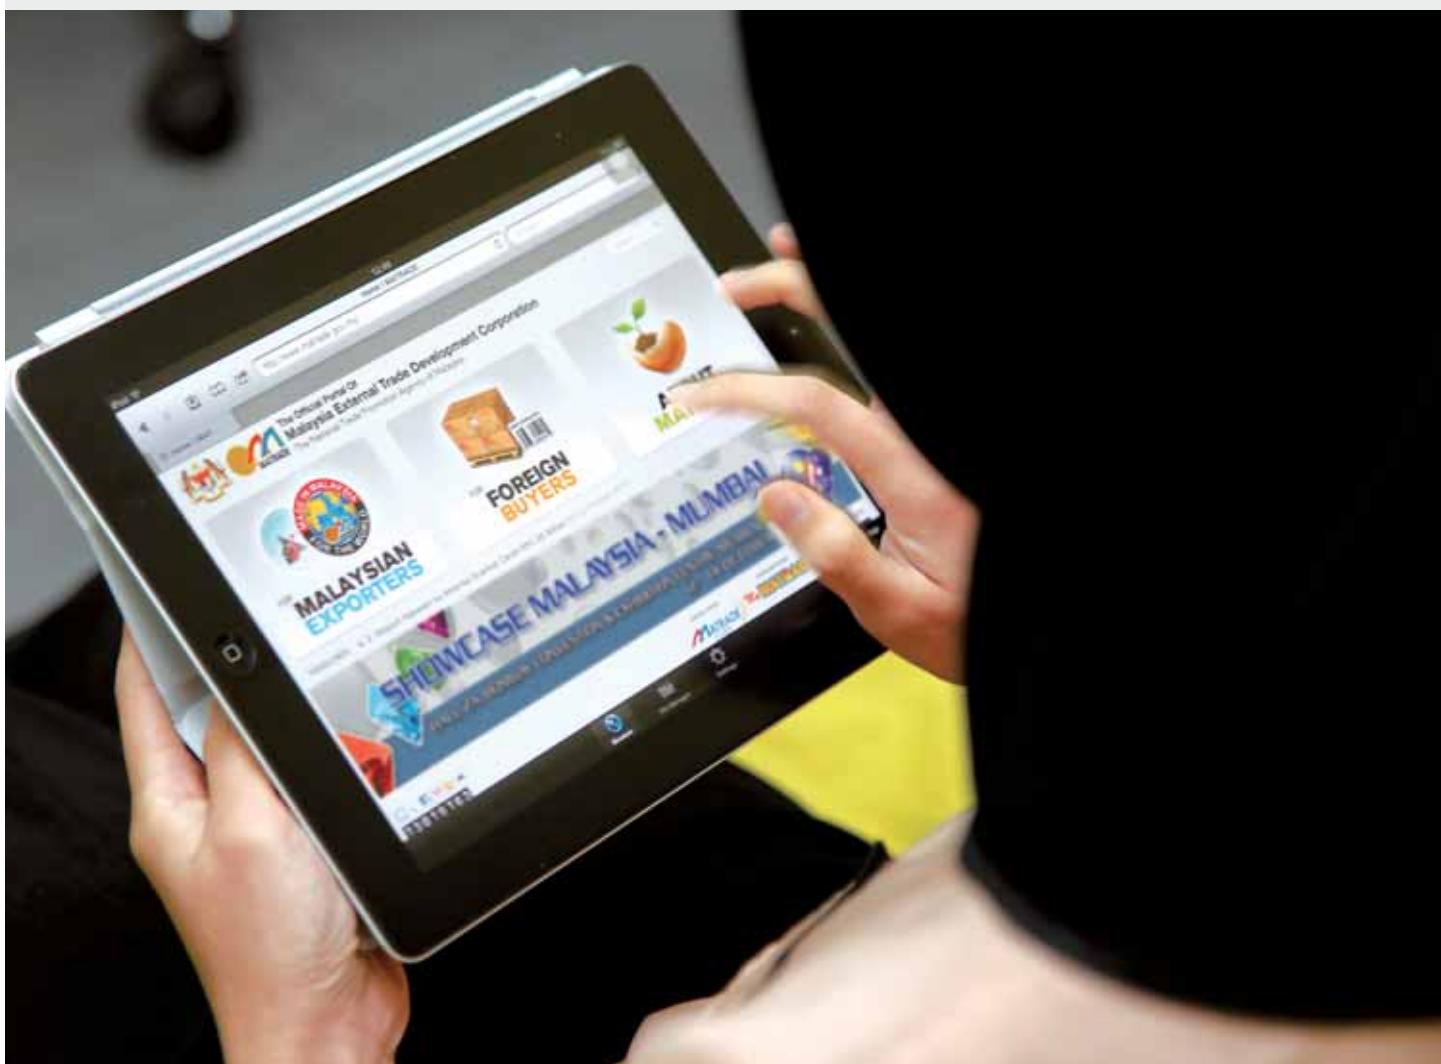

Turkey, being a member of the European Union, adopts similar customs coding system as the EU and this assist in facilitating entry of Malaysian products to the EU. Its close linkage to Central Europe, the Balkans as well as the Mediterranean allows Malaysian exporters opportunities to expand their business to the region through collaborations with the Turkish business community.

Mengukuh Inisiatif ICT Untuk Menjadi Organisasi Mesra Pelanggan

Enhancing ICT Initiatives For A Client Centric Organisation

Dalam usaha untuk menjadi organisasi mesra pelanggan serta menjana nilai, MATRADE sentiasa mengikuti perkembangan terkini trend teknologi dan keperluan pelanggan. MATRADE terus membangunkan infrastruktur IT dan perkhidmatan atas talian untuk meningkatkan kecekapan organisasi serta penyampaian perkhidmatan kepada pelanggan.

In its quest to be a client-centric and value creating organisation, MATRADE keeps abreast with the technological trends and the needs of its clients. In this respect, to improve its organisational efficiency as well as its service delivery to clienteles, MATRADE continues to develop and enhance both its IT infrastructure and online services.

Portal MATRADE

Sebagai platform penyampaian utama atas talian, portal MATRADE terus menerima peningkatan pengunjung. E-Direktori Malaysia di dalam portal ini yang menampilkan profil dan imej produk pengeksport Malaysia, telah berjaya menarik lebih daripada 60,000 pengunjung tempatan dan antarabangsa. Untuk memberi perkhidmatan yang lebih baik kepada komuniti perniagaan antarabangsa, beberapa maklumat terpilih daripada portal ini juga boleh didapati dalam bahasa Jepun, Arab, Sepanyol dan Mandarin, di samping Bahasa Inggeris dan Bahasa Malaysia.

Pada tahun 2011, portal MATRADE juga memperolehi pencapaian taraf 5-Bintang dan tersenarai sebagai 10 portal teratas dalam Penilaian Portal dan Laman Web Kerajaan Malaysia. Sebanyak 1,155 portal dan laman web telah dinilai berdasarkan lima kriteria iaitu kandungan, kebergunaan, keselamatan, penyertaan dan perkhidmatan.

MyExport

Untuk membolehkan syarikat Malaysia lebih berdaya saing, maklumat mengenai risikan pasaran, petunjuk perdagangan dan notis tender antarabangsa telah disebarluaskan melalui *MyExport*. Sejak diperkenalkan pada 2008, sebanyak 2,500 pengeksport telah mendapat manfaat daripada perkhidmatan ini dengan mengakses 1,600 *market alerts*, 4,800 *trade leads* dan 330 *product market studies*. Untuk meningkatkan perkhidmatannya, kaji selidik tahunan di kalangan pengguna *MyExport* telah dijalankan dan hasil kajian menunjukkan bahawa lebih daripada 90 peratus responden berpuas hati dengan kandungan dan perkhidmatan *MyExport*.

Membudayakan ICT

Pembudayaan ICT di kalangan komuniti perniagaan Malaysia dan kakitangan MATRADE telah dijalankan untuk meningkatkan pemahaman dan penggunaan perkhidmatan atas talian MATRADE. Pada tahun 2011, seramai 620 kakitangan MATRADE telah mendapat manfaat daripada 40 latihan berkaitan IT yang telah dijalankan. Seminar anjuran MATRADE untuk komuniti perniagaan juga melibatkan topik berkaitan IT.

Persidangan Video

Untuk melengkapkan saluran komunikasi sediada berasaskan e-mel dan sistem pesanan segera, MATRADE telah melaksanakan projek perintis Sistem Persidangan Video dengan lima pejabat luar negara iaitu Singapura, Beijing, Dubai, Frankfurt dan New York. Kemudahan ini akan diperluaskan ke pejabat lain di luar negara pada tahun 2012.

MATRADE Portal

As the primary online delivery platform, the MATRADE portal continued to receive increase visitors. The Malaysia e-Directory within the portal, which features the profile and product images of Malaysian exporters attracted more than 60,000 visitors, both local and international. To better serve the international business community, selected relevant information from the portal is also available in the Japanese, Arabic, Spanish and Mandarin languages, in addition to English and Bahasa Malaysia.

In 2011, MATRADE's portal also gained recognition in terms of achieving the 5-Star rating and was positioned as top 10 portals in the Malaysia Government Portals and Websites Assessment. A total of 1,155 portals and websites were evaluated based on five pillars namely content, usability, security, participation and services.

MyExport

To enable Malaysian companies to be competitive, information on market intelligence, trade leads and international tender notices have been disseminated through MyExport. Since it was first introduced in 2008, a total of 2,500 exporters had benefitted from this service and can have access to more than 1,600 market alerts, 4,800 trade leads and 330 product and market studies. To improve its service, annual survey amongst MyExport users was conducted and the survey result showed that more than 90 per cent of respondents were satisfied with the content and service of MyExport.

ICT Acculturation

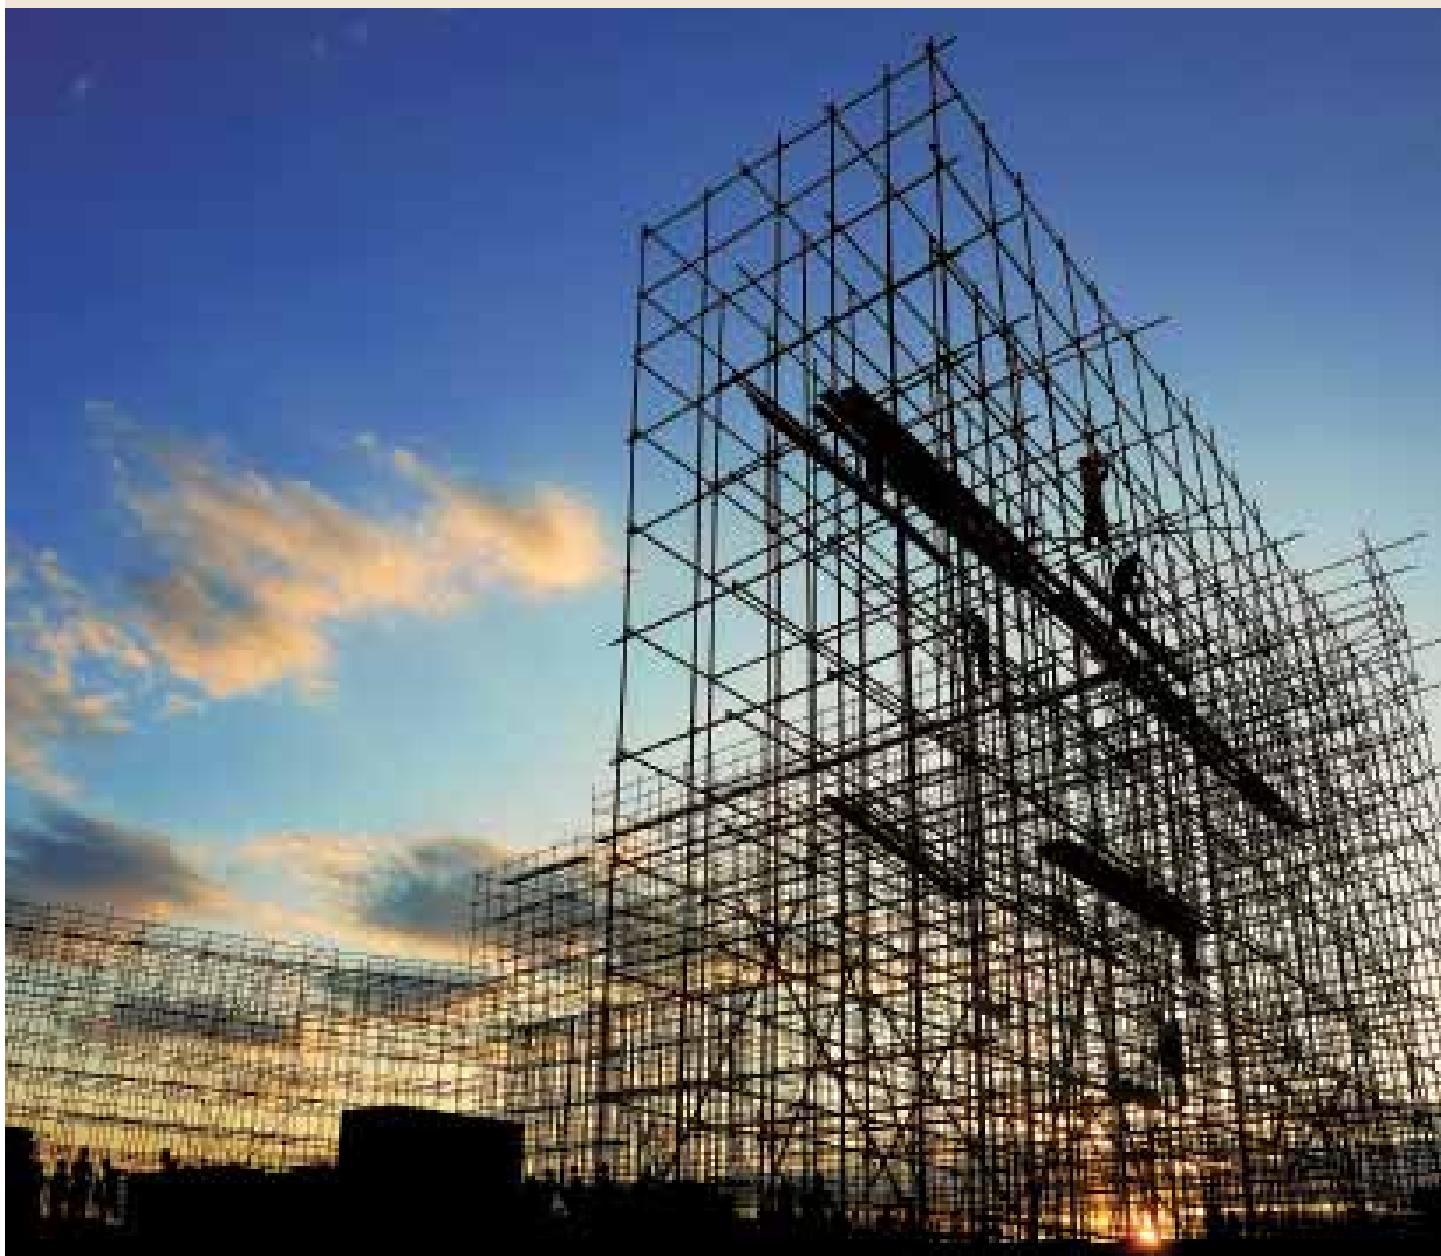

IT acculturation among the Malaysian community and MATRADE personnel was conducted to increase the appreciation and adoption of MATRADE online services. In 2011, 620 MATRADE personnel had benefitted from a total of 40 IT related trainings conducted. IT related topics were also included in MATRADE's seminars to the business community.

Video Conferencing

To complement the existing channel of communication based on email and instant messaging, MATRADE implemented the Video Conferencing System with a pilot implementation at five overseas offices namely Singapore, Beijing, Dubai, Frankfurt and New York and headquarters. This facility will be further extended to the other overseas offices in 2012.

Memperkuatkan Jalinan Kerjasama Dengan Industri

Institutionalised Collaboration with Industry

Majlis Eksport Perkhidmatan Profesional Kebangsaan (NAPSEC) telah ditubuhkan untuk membantu MATRADE dalam merangka strategi pemasaran yang paling berkesan untuk mempromosi eksport dan meningkatkan daya saing sektor perkhidmatan.

NAPSEC yang merupakan majlis penasihat kepada MATRADE diwakili oleh ahli-ahli daripada badan perkhidmatan profesional, agensi kerajaan yang berkaitan dan persatuan perkhidmatan seperti Institut Kejuruteraan Malaysia, Pertubuhan Arkitek Malaysia, Institut Akauntan Malaysia, Persatuan Industri Komputer Malaysia (PIKOM), Lembaga Pembangunan Industri Pembinaan, Lembaga Jurutera Malaysia, Bank Negara Malaysia dan Unit Perancang Ekonomi. Kerjasama antara sektor awam dan swasta ini telah berjaya merangka hala tuju promosi eksport sektor perkhidmatan profesional. MATRADE merupakan Urusetia kepada NAPSEC.

National Professional Services Export Council (NAPSEC) was established to assist MATRADE in formulating the most effective marketing strategy to export the services sectors and to enhance its competitiveness.

NAPSEC, an advisory council to MATRADE, is represented by members of the professional services bodies, related government agencies and services associations such as Institute of Engineers, Institute of Architects, Malaysian Institute of Accountants, The National ICT Association of Malaysia (PIKOM), Construction Industry Development Board, Board of Engineers, Bank Negara Malaysia and Economic Planning Unit. This collaboration between the public and private sector charts the direction for professional services export promotion. MATRADE is the Secretariat for NAPSEC.

Meningkatkan Profesionalisme MATRADE

Enhancing MATRADE's Professionalism

Warga MATRADE pada tahun 2011 adalah seramai 632 orang termasuk 121 kakitangan ambilan tempatan yang bekerja di 43 pejabatnya di luar negara.

Demi mencapai matlamat menjadikan MATRADE sebagai organisasi promosi perdagangan yang berwibawa serta mesra pelanggan, MATRADE telah mengadakan beberapa siri latihan dan program pembangunan sumber manusia untuk mempertingkatkan lagi taraf profesionalisme kakitangannya.

Program-program ini tertumpu kepada peningkatan kemahiran dan pengetahuan dalam bidang kepimpinan, pengurusan, kemahiran bahasa, pengurusan kewangan, pemasaran dan latihan khusus seperti amalan perdagangan antarabangsa. Tiga peperiksaan di peringkat jabatan dan Jabatan Perkhidmatan Awam turut diadakan bagi menilai tahap kemahiran pegawai MATRADE yang merangkumi pelbagai skim perkhidmatan.

Keupayaan memenuhi keperluan komuniti perniagaan Malaysia dan pelanggan antarabangsa juga bergantung kepada keupayaan tenaga kerja MATRADE dalam menggunakan teknologi maklumat secara berkesan. Bagi mencapai matlamat ini, beberapa siri latihan ICT untuk kakitangan telah diadakan manakala buletin IT@Work telah diterbitkan untuk menggalakkan penggunaan sistem IT.

MATRADE melalui kerjasama dengan lain-lain Organisasi Promosi Perdagangan seperti *Taiwan External Trade Development Council*, *Korea Trade-Investment Promotion Agency* dan *Hong Kong Trade Development Council*, telah melaksanakan program penempatan sementara untuk pegawai-pegawaiannya. Seramai 18 pegawai telah mengikuti program ini pada tahun 2011.

Seramai empat pegawai telah menyertai program latihan anjuran organisasi antarabangsa seperti Sekretariat Komanwel, Agensi Pembangunan Kerjasama Antarabangsa Sweden, *Asia Pacific Economic Cooperation* (APEC) dan program latihan bersama antara Jabatan Perkhidmatan Awam & *Japan International Cooperation Agency* (JICA), Unit Perancangan Ekonomi serta Colombo Plan & *Korea International Corporation Agency* (KOICA).

MATRADE's staff strength in 2011 stood at 632 including 121 locally recruited staff based in its 43 overseas offices.

To achieve its aim in positioning MATRADE as a credible and client-centric trade promotion organisation, MATRADE conducted a series of training and human resource development programmes in 2011 to increase professionalism in its human resource. The programmes focussed on improving skills and knowledge in the areas of leadership, management, language skills, financial management, marketing and job specific trainings such as international trade practices. Three department and Public Services Department examinations to assess MATRADE officials' competencies covering various services schemes were also held.

The ability of meeting the needs of Malaysian business community and international clients also hinges on the ability of its human resource to use Information Technology effectively. With this in mind, MATRADE conducted a series of ICT training for its staff and published IT@Work newsletter which served as a good medium in promoting the adoption of IT system.

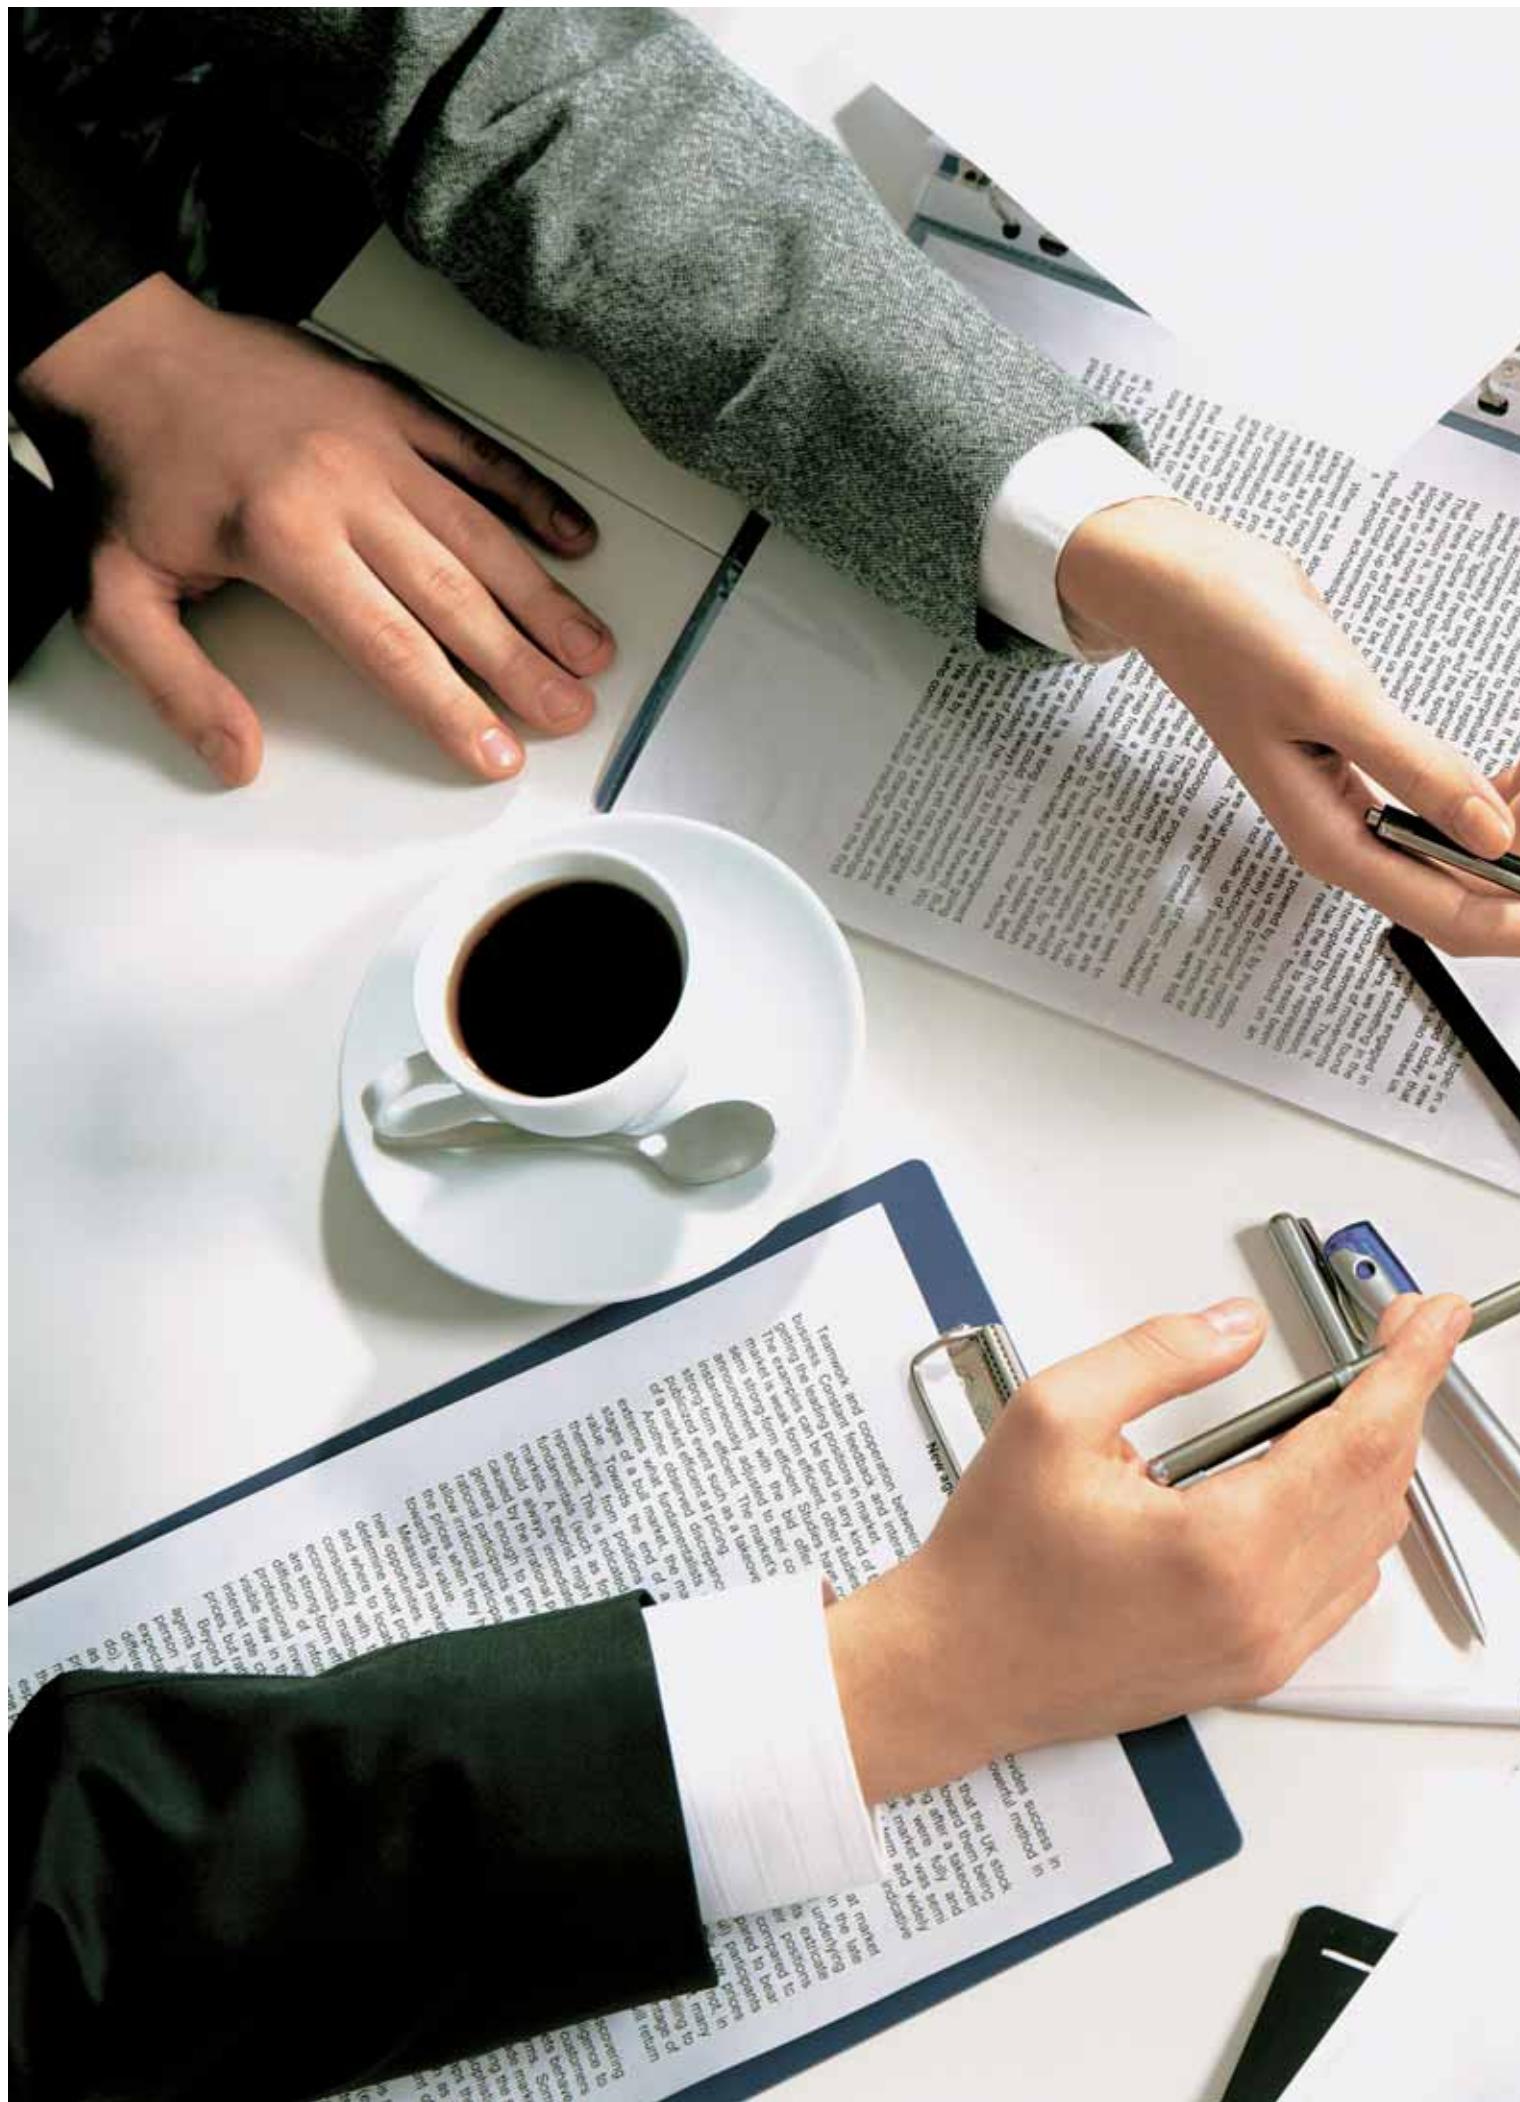

MATRADE through its collaboration with other Trade Promotion Organisations such as Taiwan External Trade Development Council, Korea Trade Investment Promotion Agency and Hong Kong Trade Development Council conducted attachment programmes for its officers. A total of 18 officers had completed their attachment programme in 2011.

Four other officers participated in training programmes organised by international organisations such as Commonwealth Secretariat, Swedish International Development Cooperation Agency, Asia Pacific Economic Cooperation (APEC) and the joint training programme between Public Services Department and Japan International Cooperation Agency (JICA), The Economic Planning Unit & Colombo Plan & Korea International Corporation Agency (KOICA).

Pasaran

Strategi promosi eksport MATRADE mengambil kira pelbagai faktor termasuk trend makroekonomi global dan domestik, Program Transformasi Ekonomi dan Rancangan Malaysia Ke-10 serta maklum balas daripada industri.

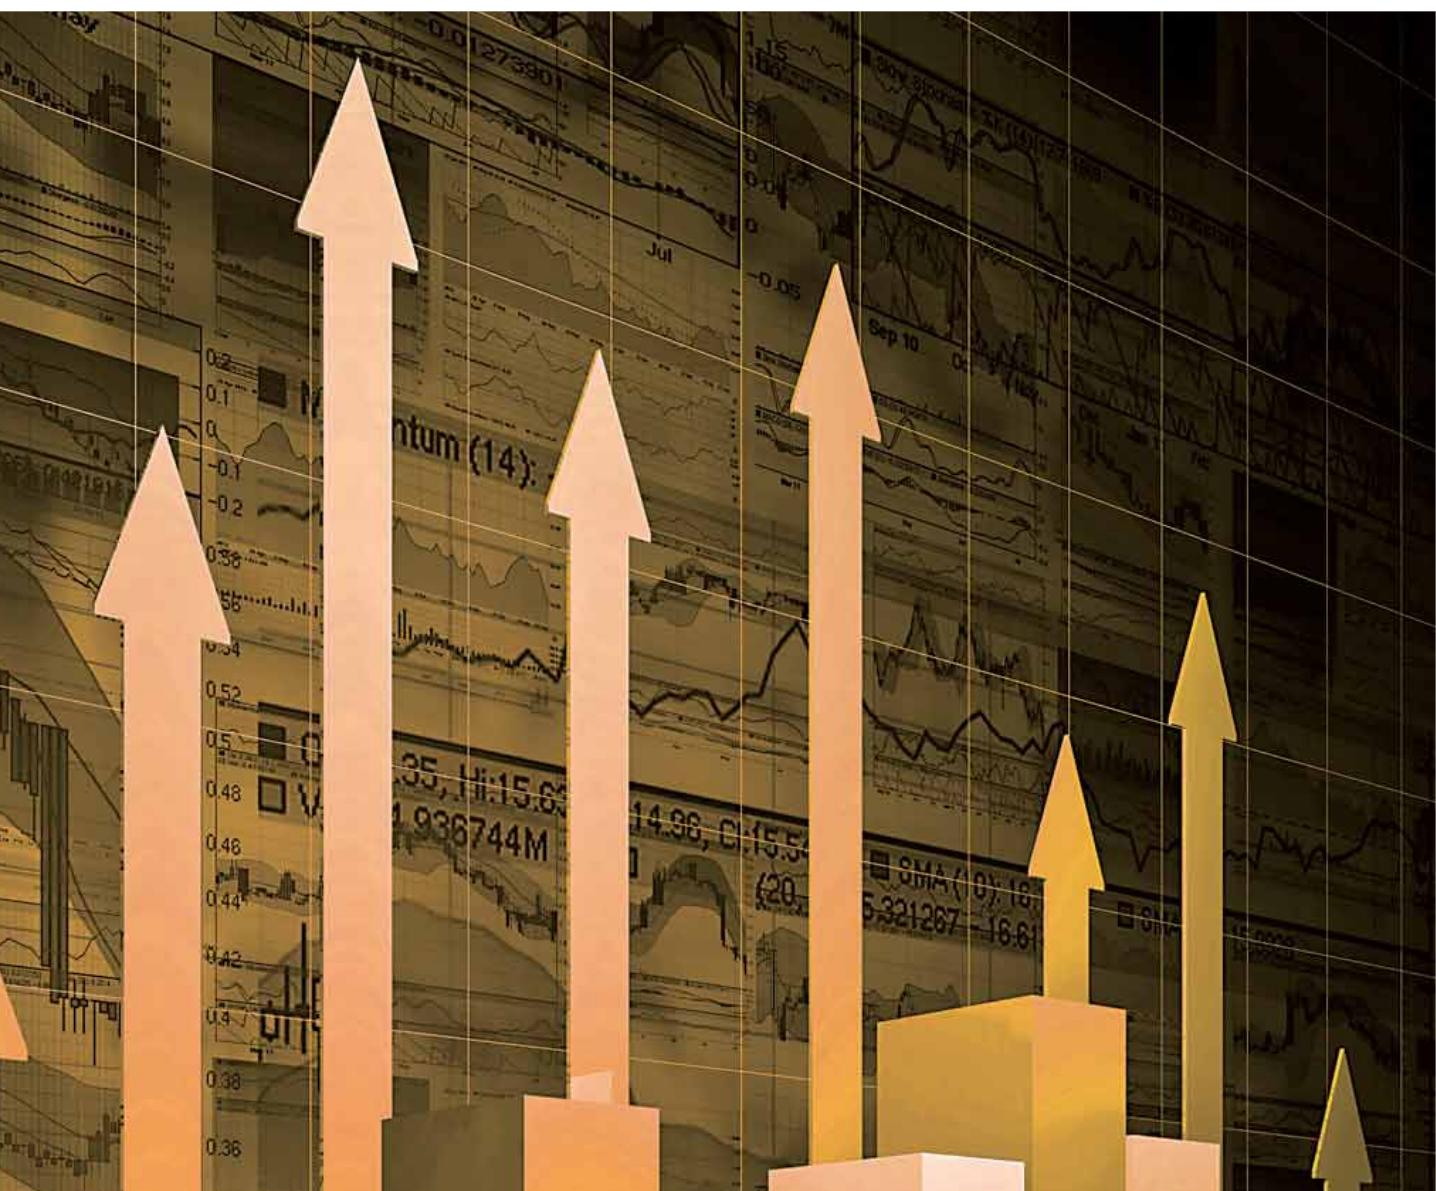

Untuk tahun 2011, aktiviti promosi eksport MATRADE telah dipergiatkan di pasaran yang sedang pesat membangun di Asia, khususnya China, India dan negara-negara Majlis Kerjasama Teluk. Peningkatan aktiviti anjuran MATRADE turut dilihat dalam pasaran baharu dan membangun seperti Afrika, Amerika Latin dan Asia Tengah serta di pasaran yang mempunyai peluang untuk berkembang seperti Myanmar, Kemboja dan Sri Lanka. Aktiviti promosi di rantau pasaran tradisional seperti Amerika Syarikat dan EU diperluaskan dengan menembusi segmen pasaran baharu serta mempertingkatkan visibiliti pasaran dan mengukuhkan kredibiliti produk dan perkhidmatan Malaysia.

Market

MATRADE's export promotion strategy took into account various factors including the global and domestic macroeconomic trends, the Economic Transformation Programme and the 10th Malaysia Plan, as well as feedback from the industry.

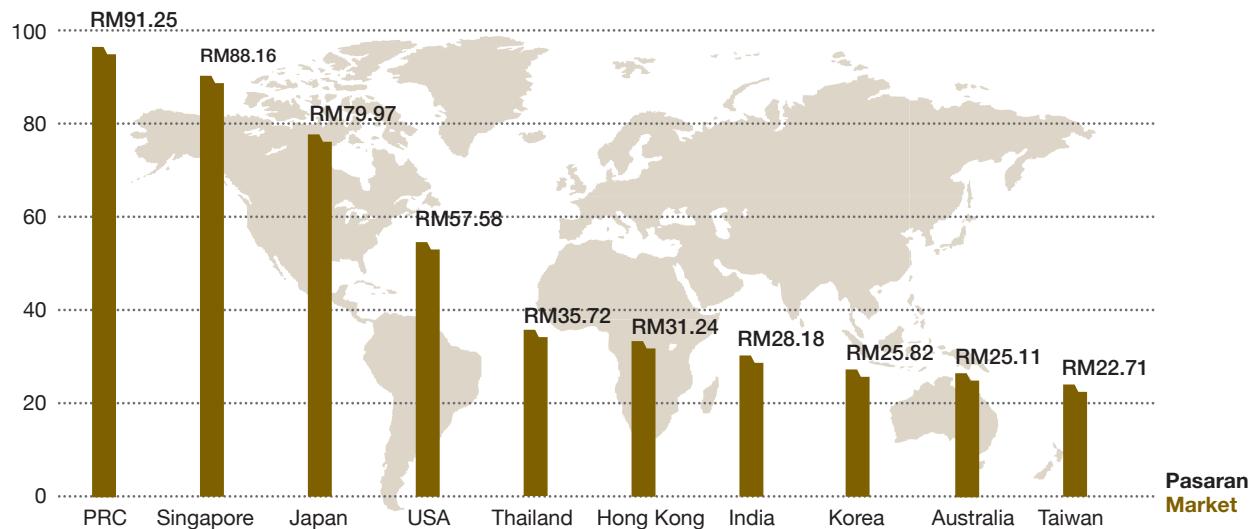

For 2011, MATRADE's export promotion activities were intensified in fast growing markets in Asia, in particular China, India and the Gulf Cooperation Council countries. Increased presence was also seen in new and emerging markets such as Africa, Latin America and Central Asia and in markets with growing opportunities such as Myanmar, Cambodia and Sri Lanka. Promotional activities in traditional regional markets such as USA and EU were optimised by expanding into new market segments as well as enhancing market visibility and strengthening the credibility of Malaysian products and services.

Asia Selatan South Asia

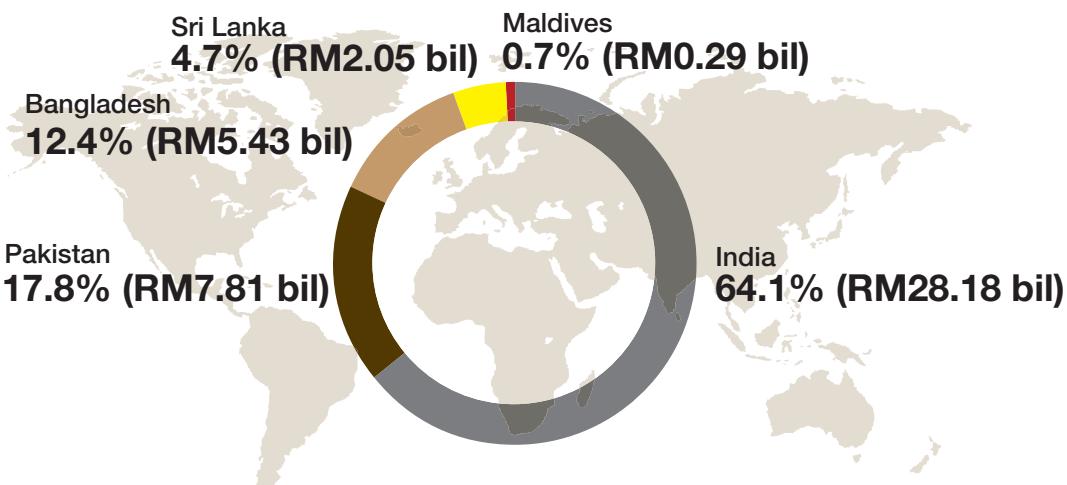

Asia Selatan menyumbang 6.3 peratus kepada jumlah keseluruhan eksport Malaysia bernilai RM43.93 bilion. Eksport ke Asia Selatan berkembang 28.3 peratus pada tahun 2011, didorong oleh peningkatan eksport ke India. Penambahbaikan akses ditambah pula dengan pertumbuhan ekonomi yang kukuh dan aktiviti pembuatan yang tinggi telah merangsang pertumbuhan eksport ke India sebanyak 34.6 peratus.

Eksport ke India berjumlah RM28.18 bilion atau 64.1 peratus daripada jumlah keseluruhan eksport ke Asia Selatan. Peningkatan eksport minyak sawit, petroleum mentah, produk E&E, produk perkilangan logam, kimia dan bahan kimia menyumbang kepada kenaikan eksport ke pasaran ini.

South Asia contributed 6.3 per cent of Malaysia's total exports, valued at RM43.93 billion. Expansion of exports to South Asia by 28.3 per cent in 2011 was mainly driven by higher exports to India. Improved preferential access coupled with strong economic growth and high manufacturing activities boosted export growth to India by 34.6 per cent.

Exports to India amounted to RM28.18 billion or 64.1 per cent of Malaysia's share of total exports to South Asia. Higher exports of palm oil, crude petroleum, E & E products, manufactures of metal and chemicals and chemical products contributed to this increase.

Pasaran Eksport Utama Malaysia di Asia Selatan Malaysia's Major Export Markets in South Asia

India merupakan satu-satunya pasaran yang mencatatkan peningkatan ketara melebihi RM1 bilion dalam eksport produk E&E Malaysia. Peningkatan ini mungkin disebabkan oleh pelaburan asing yang lebih tinggi dalam aktiviti pembuatan dalam sektor ini.

Pasaran lain di Asia Selatan yang mencatatkan kenaikan eksport adalah Bangladesh (34.2 peratus), Sri Lanka (37.8 peratus) dan Pakistan (6.8 peratus).

India was the only market that recorded a significant increase of over RM1 billion in Malaysia's exports of E&E products. The increase can be attributed to significantly higher foreign investment in manufacturing activities in this sector.

Other markets in South Asia that recorded increases in exports are Bangladesh (34.2 per cent) Sri Lanka (37.8 per cent) and Pakistan (6.8 per cent).

Eropah Timur

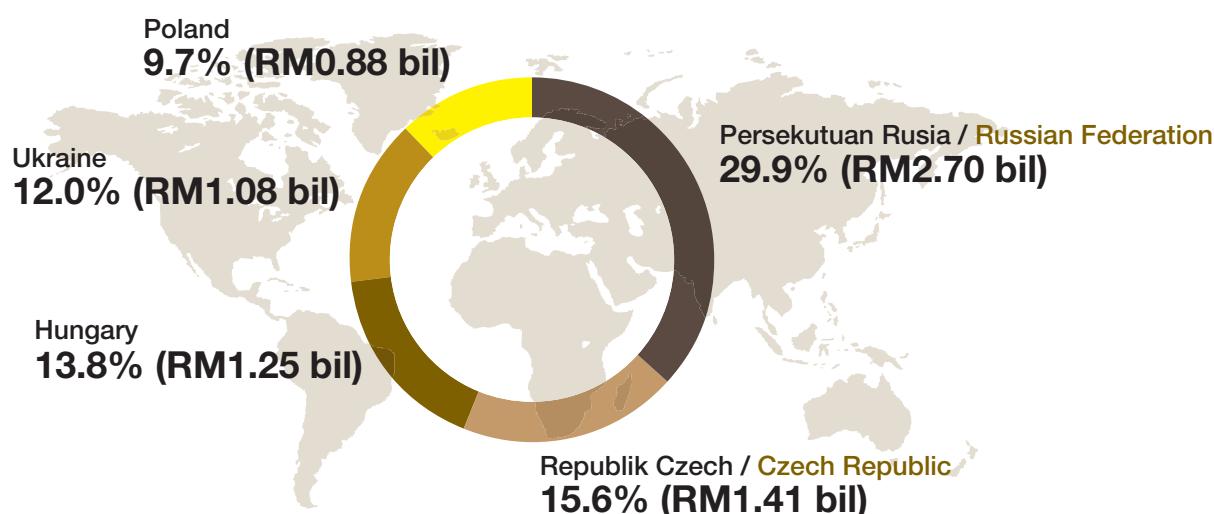

Eastern Europe

Pada tahun 2011, eksport Malaysia ke Eropah Timur mencecah RM9.03 bilion. Persekutuan Rusia merupakan destinasi eksport Malaysia yang terbesar di rantau ini bernilai RM2.69 bilion, menyumbang hampir 30 peratus daripada jumlah eksport.

In 2011, Malaysia's exports to Eastern Europe were valued at RM9.03 billion. Russian Federation was Malaysia's largest export destination in the region with export value amounting to RM2.69 billion, contributing to almost 30 per cent of exports to the region.

Pasaran Eksport Utama Malaysia di Eropah Timur

Malaysia's Major Export Markets in Eastern Europe

Eksport utama ke Eropah Timur adalah produk E&E bernilai RM3.6 bilion dengan peningkatan sebanyak 35 peratus daripada tahun 2010, diikuti oleh minyak sawit, makanan diproses, jentera, perkakasan dan alat ganti serta produk besi & keluli.

Kelima-lima sektor ini menyumbang sebanyak 71 peratus kepada keseluruhan eksport Malaysia ke rantau ini.

Pada tahun 2011, MATRADE menambah rangkaian globalnya di Warsaw, Republik Poland, menjadikan jumlah keseluruhan rangkaian pejabatnya di Eropah Timur kepada empat.

Program Promosi Eksport di Eropah Timur pada tahun 2011:

- Kaunter Promosi di *Food Expo 2011*, Tashkent, Uzbekistan, 27-29 September
- Misi Pemasaran Khusus sempena *International Oil & Gas Exhibition 2011*, Turkmenistan, 12-21 November

Top five exports to Eastern Europe were electrical & electronic products valued at RM3.60 billion, an increase of 35 per cent from 2010, followed by palm oil, processed food, machinery, appliances and parts and iron & steel products. Collectively these five export sectors accounted for 71 per cent of Malaysia's export to the region.

In 2010 MATRADE added its global network in Warsaw, Republic of Poland, thus totalling its representation in Eastern Europe to four.

Export Promotion Programmes for Eastern Europe in 2011:

- Promotion Booth at *Food Expo 2011*, Tashkent, Uzbekistan, September 27-29
- Specialised Marketing Mission in conjunction with *Turkmenistan International Oil & Gas Exhibition 2011*, November 12-21

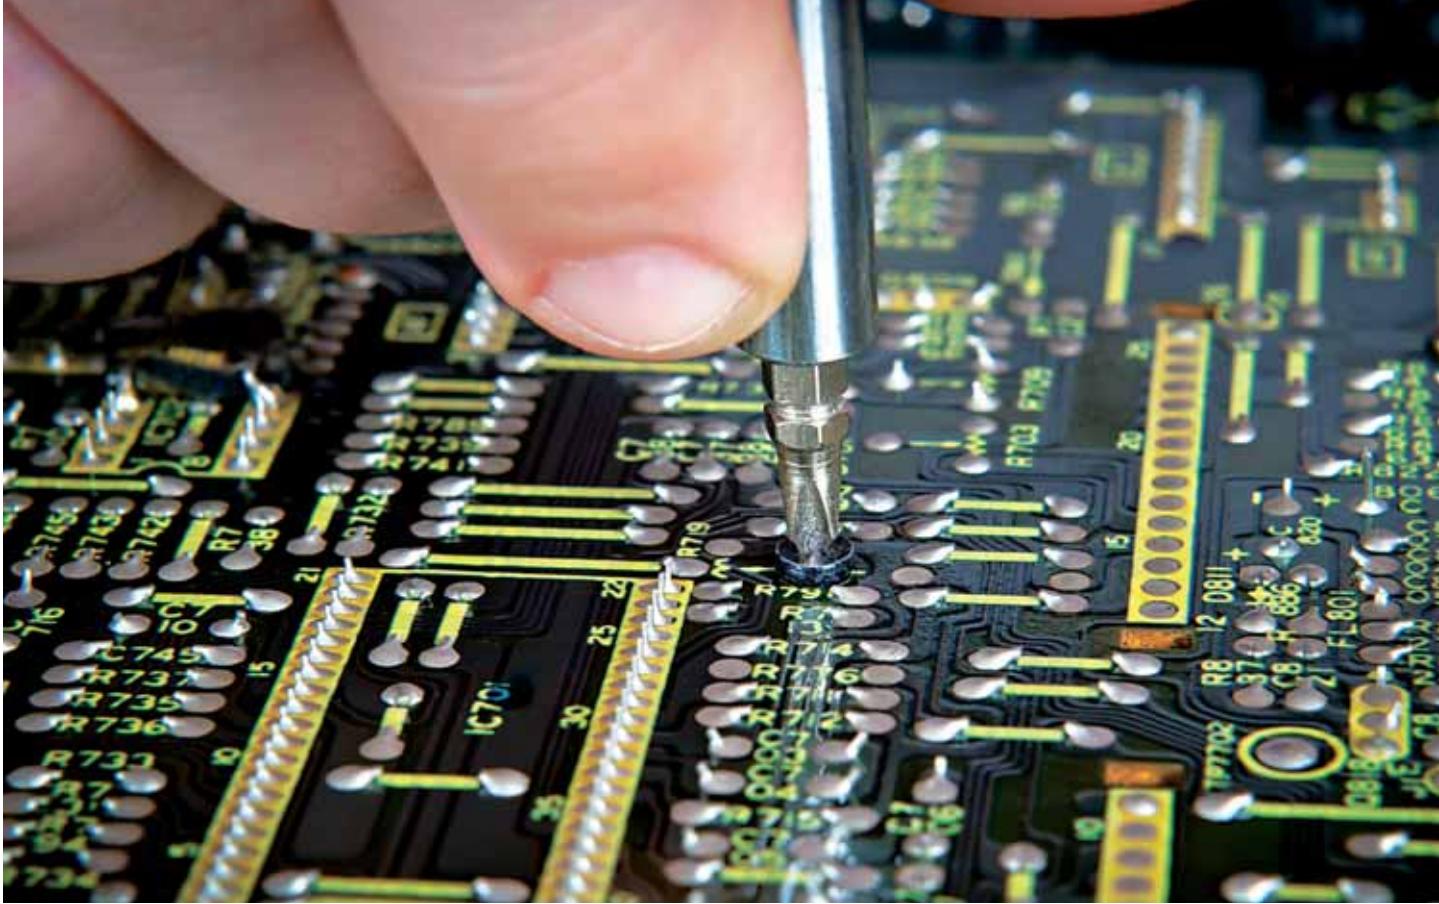

Sumbangan kepada Pertumbuhan Eksport - Produk & Sektor Perkhidmatan

Contribution to Export Growth - Product & Services Sectors

Strategi promosi eksport MATRADE turut mengenalpasti beberapa pertumbuhan eksport produk dan perkhidmatan. Program-program khusus telah dijalankan pada tahun 2011 untuk mempromosi sektor ini.

MATRADE's export promotion strategies also identified several growth export products and services and specific programmes were carried out in 2011 to promote these sectors.

Produk Elektrik & Elektronik (E&E) Electrical & Electronic Products (E&E)

Pada tahun 2011, eksport produk E&E Malaysia bernilai RM236.54 billion, menyumbang 34.1 peratus syer daripada jumlah keseluruhan eksport negara.

Eksport produk E&E susut sebanyak 5.4 peratus daripada RM249.91 bilion pada tahun 2010. Penyusutan eksport produk E&E disebabkan oleh permintaan yang lebih rendah daripada pasaran utama seperti Singapura, Amerika Syarikat, Hong Kong dan Jepun.

Peningkatan utama eksport E&E telah dicatat bagi:

- Peranti semikonduktor, litar bersepadu (IC), transistor dan injap (eksport meningkat sebanyak 9.3 peratus kepada RM107.09 bilion);
- Peralatan & alat ganti telekomunikasi (eksport meningkat sebanyak 10.1 peratus kepada RM19.23 bilion);
- Jentera elektrik & peralatan (eksport meningkat sebanyak 3.1 peratus kepada RM8.59 bilion);
- Peralatan elektrik & bukan elektrik kelengkapan rumah (eksport meningkat sebanyak 7.3 peratus kepada RM3.80 bilion); dan
- Peralatan elektro-diagnostik, peralatan perubatan & radiologi (eksport meningkat sebanyak 54.1 peratus kepada RM725.4 juta).

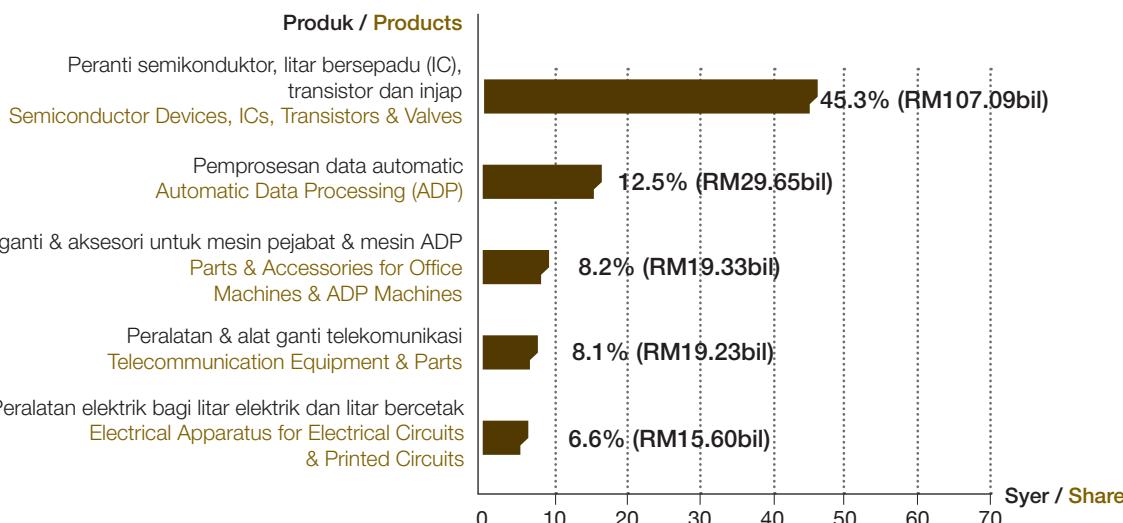

In 2011, Malaysia's exports of E&E products were valued at RM236.54 billion and accounted for 34.1 per cent share of Malaysia's total exports.

Export of E&E products decreased by 5.4 per cent from RM249.91 billion in 2010. The decrease in E&E products exports was mainly attributed to the lower demand from our major markets such as Singapore, the USA, Hong Kong and Japan.

Major increases in E&E exports were recorded for:

- Semiconductor devices, ICs, transistors and valves (exports increased by 9.3 per cent to RM107.09 billion);
- Telecommunication equipment & parts (exports increased by 10.1 per cent to RM19.23 billion);
- Electrical machinery & apparatus (exports increased by 3.1 per cent to RM8.59 billion);
- Electrical & non-electrical household equipment (exports increased by 7.3 per cent to RM3.80 billion); and
- Electro-diagnostic apparatus, medical & radiological apparatus (exports increased by 54.1 per cent to RM725.4 million).

Lima Eksport Utama Malaysia Bagi Produk E&E Malaysia's Top Five Export of E&E Products

RRC, Singapura, Amerika Syarikat, Hong Kong dan Jepun kekal sebagai lima destinasi eksport utama bagi produk E&E Malaysia. Pasaran ini secara keseluruhannya menyumbang 61.7 peratus jumlah keseluruhan eksport E&E pada tahun 2011.

Eksport produk E&E ke India meningkat dengan ketara sebanyak 37.1 peratus kepada RM6.6 bilion. Kenaikan ini disumbangkan oleh peningkatan eksport peranti semikonduktor, litar bersepadu (IC), transistor dan injap akibat kekurangan pengeluaran domestik di India.

Program Promosi Eksport untuk Produk E&E pada tahun 2011: Export Promotion Programmes For E&E Products in 2011:

- Kaunter Promosi di *EMAQH 2011*, Buenos Aires, Argentina, 25-30 Mac

- *SEMICON West 2011*, San Francisco, California, July 12-14

The PRC, Singapore, the USA, Hong Kong and Japan remained as the top five export destinations for Malaysia's E&E products. These markets collectively absorbed 61.7 per cent share of total E&E exports in 2011.

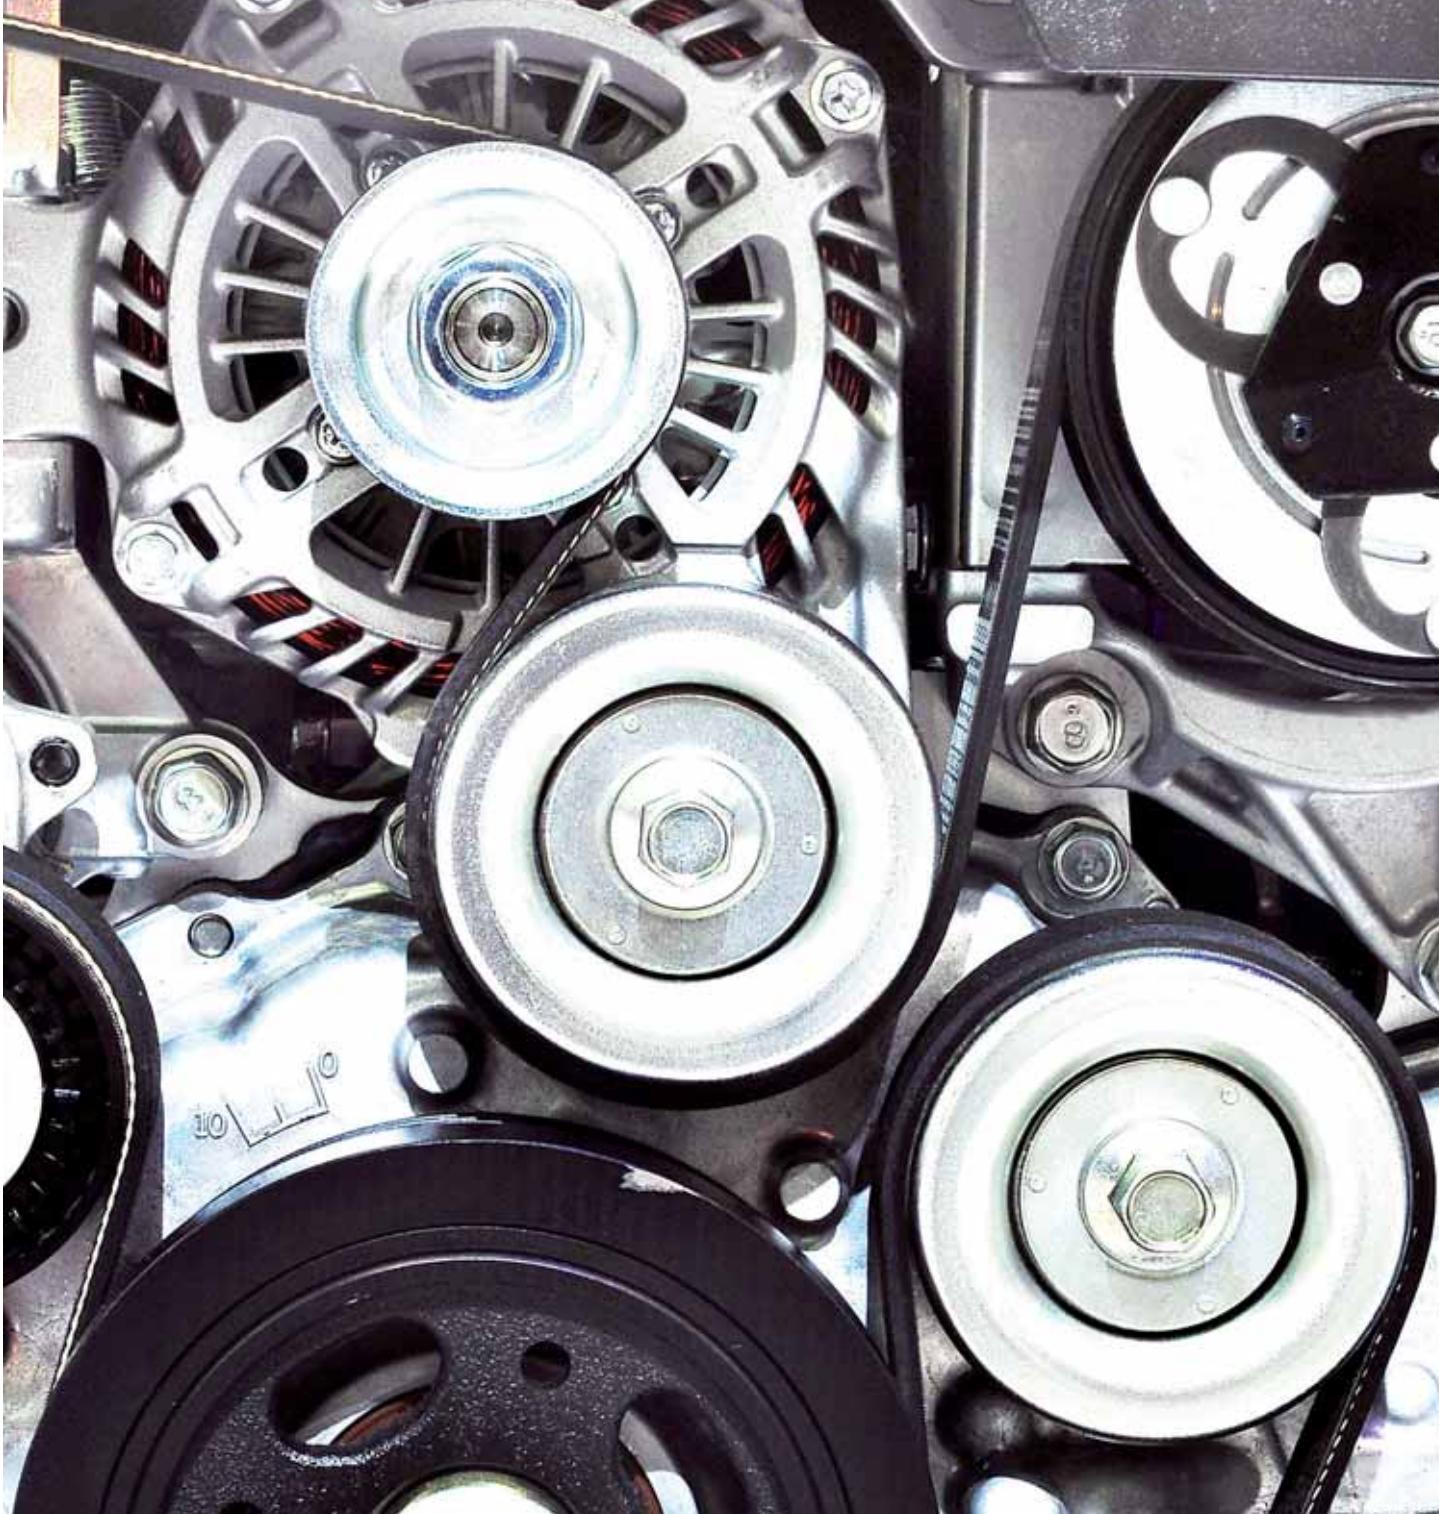

Exports of E&E products to India had increased significantly by 37.1 per cent to RM6.6 billion. The increase was mainly attributed to higher exports of semiconductor devices, ICs, transistors and valves due to decrease in domestic manufactures in India.

SEMICON West 2011 (12-14 Julai, 2011)

MATRADE menganjurkan penyertaan syarikat Malaysia di SEMICON West 2011 untuk mempromosi peralatan ujian & instrumen pengukuran, probe ujian & penyelesaian kontaktor dan pemesinan persis bahagian dan komponen mekanikal untuk industri semikonduktor. Tekstil, Pakaian & Aksesori Pakaian

Textiles, Apparel & Clothing Accessories

Eksport tekstil, pakaian dan aksesori pakaian berkembang sebanyak 15.9 peratus dan mencapai RM10.81 bilion pada tahun 2011. Industri ini mewakili 2.3 peratus syer daripada jumlah keseluruhan eksport barangank perkilangan Malaysia.

Destinasi utama eksport tekstil, pakaian dan aksesori pakaian Malaysia adalah Amerika Syarikat, Jepun, Turki, Indonesia dan China. Produk Malaysia telah mendapat kepercayaan dan pengiktirafan antarabangsa bagi reka bentuk gaya terkini, berkualiti tinggi serta penghantaran yang menepati masa.

Penyertaan MATRADE dalam 'Who's Next?' dari 3-6 September di Paris yang merupakan pameran fesyen terkemuka dunia, telah memberi peluang keemasan kepada pereka muda Malaysia yang berpotensi untuk mendapat pendedahan antarabangsa dalam bidang ini.

Exports of textiles, apparel and clothing accessories in 2011 expanded 15.9 percent to reach RM10.81 billion. This represents 2.3 per cent share of Malaysia's total exports of manufactured goods.

Leading export destinations for Malaysian textiles, apparel and clothing accessories were the United States, Japan, Turkey, Indonesia and China. Malaysian products have gained recognition for its trendy design, uncompromising quality, reliability and prompt delivery in the international market.

MATRADE's participation in 'Who's Next?' from September 3-6 in Paris, has provided golden opportunity for Malaysia's promising designers to experience international exposure in this industry.

Sektor Perkhidmatan Services Sector

Program Transformasi Ekonomi Negara telah mensasarkan sumbangan sektor perkhidmatan sebanyak 65 peratus kepada Keluaran Dalam Negara Kasar (KDNK) Malaysia menjelang 2020. Pada tahun 2011, sektor perkhidmatan menyumbang sebanyak 54.2 peratus kepada KDNK bernilai RM384.3 bilion, meningkat tujuh peratus dari tahun sebelumnya. Nilai dagangan sektor perkhidmatan yang tidak termasuk urusniaga kerajaan meningkat sebanyak 9.3 peratus kepada RM227.1 bilion.

Eksport sektor perkhidmatan berkembang 4.6 peratus kepada RM110.1 bilion pada tahun 2011. Perjalanan dan pengangkutan, merupakan subsektor utama yang menyumbang lebih 60 peratus daripada jumlah keseluruhan eksport, 3.3 peratus lebih rendah berbanding tahun 2010 disebabkan oleh bencana alam di Jepun dan Thailand serta kemelut di Asia Barat.

Eksport perkhidmatan seperti pembinaan, ICT, insurans dan perkhidmatan perniagaan walau bagaimanapun meningkat sebanyak 12.8 peratus kepada RM35 billion berbanding tahun sebelumnya. Eksport perkhidmatan kejuruteraan awam turut mencatatkan pertumbuhan kukuh sebanyak 15.8 peratus, dengan portfolio projek antarabangsa mencecah lebih RM3.7 billion dalam pasaran utama seperti Indonesia, China, Thailand dan Timur Tengah.

Pasaran utama bagi eksport sektor perkhidmatan pada tahun 2011 adalah Asia, khususnya ASEAN dan Timur Tengah serta Australia.

The Economic Transformation Programme targets the services sector to account for 65 per cent of Malaysia's GDP by 2020. In 2011, the services sector contributed 54.2 per cent of the nation's GDP or RM384.3 billion representing an increase of seven per cent from the previous year. Value of trade in the services sector not including government transactions increased by 9.3 per cent to RM227.1 billion.

Export in the services sector expanded by 4.6 per cent to RM110.1 billion in 2011. Travel and transport, the major subsectors contributing to over 60 per cent of total exports, decreased by 3.3 per cent compared with previous year due to natural disasters in Japan and Thailand as well as the turmoil in West Asia.

Export of services such as construction, ICT, insurance and business services increased by 12.8 per cent to RM35 billion. Exports of civil engineering services also registered strong growth of 15.8 per cent, with international project portfolio of over RM3.7 billion in key markets such as Indonesia, China, Thailand and the Middle East.

The main markets for the country's export of services in 2011 were Asia, in particular ASEAN, the Middle East and Australia.

g) Percukaian

Mulai tahun 1998, pendapatan faedah kecuali faedah untuk skim pinjaman kenderaan, komputer dan perumahan, pendapatan dividen dan lain-lain pendapatan daripada aktiviti komersial yang lain akan dikenakan cukai. Pendapatan sewa yang diterima dikecualikan cukai di bawah PCP(Pengecualian)(No.22) 2006.

Cukai pendapatan ke atas lebihan atau defisit pada tahun kewangan semasa terdiri daripada cukai semasa dan tertunda. Cukai semasa ialah jangkaan amaun cukai pendapatan yang perlu dibayar bagi lebihan bercukai bagi tahun berkenaan, dan dikira menggunakan kadar cukai yang digubal pada tarikh lembaran imbalan.

Cukai tertunda diperuntukkan menggunakan kaedah liabiliti, bagi perbezaan sementara pada tarikh lembaran imbalan antara asas cukai aset dan liabiliti dengan amaun bawaannya dalam penyata kewangan. Pada asasnya, liabiliti cukai tertunda diiktiraf untuk semua perbezaan sementara kera cukai dan aset cukai tertunda diiktiraf bagi semua perbezaan sementara bercukai dan aset cukai tertunda diiktiraf bagi semua potongan perbezaan sementara bercukai, setakat mana terdapatnya kemungkinan keuntungan bercukai masa hadapan yang ada boleh digunakan terhadap potongan perbezaan sementara.

Cukai tertunda dihitung pada kadar cukai yang cijangka berkuat kuasa dalam tempoh aset direalisasikan atau liabiliti dijelaskan, berdasarkan kadar cukai yang digubal atau sebahagian besarnya digubal pada tarikh lembaran imbalan. Cukai tertunda diiktiraf dalam penyata kewangan, kecuali apabila ia berpunca daripada urus niaga yang diiktiraf terus ke ekuiti, cukai tertunda juga dicajkan atau dikreditkan terus ke ekuiti, atau apabila ia berpunca daripada gabungan perniagaan iaitu pengambilalihan, di dalam hal ini, cukai tertunda diambil kira dengan muhibah yang berhasil atau muhibah negatif.
